Dear Perfect Child of God,

It is with excitement and, I must admit, a little sorrow, that I write this letter. As you know, I do my best to listen and follow the guidance of Spirit in my life. I trust I have demonstrated this in my time with you. Over the last year, I've been guided to begin a new chapter. Each time this occurs, it comes with mixed emotions. For every new chapter requires the closing of a previous one.

It is time for me to close my chapter on pastoring a church. Thanks to you, being Reverend Tony of Unity Center of the Heights has been one of the best experiences of my life -- eleven years of adventure, fun, intrigue, surprises, and so many wonderful people. It's been full of learning, growth and most importantly, LOVE. "In JOY" I have done all I enjoy most: public speaking, teaching, creating programs and workshops (as well as the PowerPoints to accompany them) coaching, and even making repairs. What is more I got to sing, play guitar, and write a little music. And on top of it all, I've been paid to do it! What an awesome chapter.

But here's the thing. It's time for me to move on. Like you, I am not certain exactly what the next chapter looks like. I know it will include finishing two books, as well as developing a new workshop, along with lots of travel and connecting with dear friends around the country. Of course, Susan and I will be attaching our motorcycles, kayaks and fishing gear to our RV, so there will be plenty of good fun too, as we allow Spirit to lead the way through our lessons, learning and growth – my and Susan's favorite part.

As of December 31 this year, the Unity Center will be closed, and the building will be put up for sale. Our last service will be on that day – a Burning Bowl Service – followed by a Community Feast. With love and unbounded gratitude in our hearts we invite you to be with us on that occasion, as well as all days between now and then, when we are here for Service (Sundays), *A Course of Love* (Mondays); *A Course in Miracles* (Tuesdays); *Out of the Matrix Reloaded* (Thursdays) or at any other time. When we are not traveling or keeping away from the snow, Susan and I will still be in Cleveland, our home base. We will continue running *Out of the Matrix* (in locations to be determined), as well as other classes and workshops. Of course you can follow us on Facebook, or be in touch directly through email at Rev.Tony@TheMiracleCenterOnline.org and Rev.Susan@TheMiracleCenterOnline.org. In the days to come the Center will be sending email with more details about the closing and other opportunities to come together.

To the many with whom I have shared time over these past eleven years at Unity Center, please know that you have touched my life in countless profound ways that will live with me forever. This time has been a Gift. You have given me more than I could ever have imagined. May peace, love and joy reside with you always. Thank you, thank you, thank you.

Love, Light and Laughter from both of us,

Rev. Tony Senf

Rev. Susan Haberland
