**Council Members Present:** Shane Hagstrom, Derrick Dohmann and Andrew Zemlicka in person with Brandon Kottke present on the phone. Nesheim and Dalton were absent.

**Others Present:** Mayor Kerry Kline, Finance Officer Rae Jean Flora, Deputy Finance Officer April Fitzgerald, Darin Altfillisch, Tammy Rusher, Brent Forest and Carolyn Olsen.

Mayor Kline called the meeting to order at 7:01 pm.

**Motion # 011-2025**

**Adopt Agenda**

Motion by Hagstrom and seconded by Zemlicka to adopt the agenda. All members voting yes. Motion carried.

All stood and recited the Pledge of Allegiance.

**Motion # 012-2025**

**Rezoning on North Cloud Street**

The Council got a request from Brent Forest to rezone his property on the east side of North Cloud Street (Lots 1 and 2 of OL 44) from Residential to Industrial and to give his business a Conditional Use permit, since the lot is 22,500 square feet and the required square footage in Industrial zoning is 30,000 square feet. After visiting with Luke Muller about this, Flora said that Muller had stated that if the Council decides to go ahead with the rezoning of Forest's land they should also do the lot to the north of it (OL 43). It is just a narrow lot that is owned by Clark County & is attached to their other lots which are all zoned Industrial, At the moment that lot is zoned Agricultural. After the discussion, Hagstrom made a motion to start the process to rezone those two lots and also the process to allow a Conditional Use permit for Forest. Dohmann seconded the motion. There was a roll call vote and everyone voted yes. The motion passed. The first reading of the ordinance will be at the March 3<sup>rd</sup> meeting.

**Public Input**

As there was nobody present for public input this item was passed over.

**Department Updates**

Altfillisch asked for permission to buy a tree puller to help with drainage clean out. The Council agreed that it would be money well spent. Altfillisch would like to look into billing businesses for snow pile removal, some research will be done to see how much was billed in the past and this will be discussed again during the March meeting. He will be at classes in Watertown for three days next week. He also reported that the skating rink is open and will be open as long as the ice is good.

Rusher reported that the Club house will be opening at the beginning of April. They will have sign up days with a 10% membership discount on April 12<sup>th</sup> and 13<sup>th</sup>. She discussed the need for

the carpet to be cleaned before opening. She asked when the new well will be put in and Dohmann said we are on the list for this year but he doesn't have a definite date yet. Mayor Kline asked if the Course people had cleaned out shed five yet so people could use that for parking their golf carts, but Rusher was not aware that that had been discussed or if it had been done.

Fitzgerald discussed the new water meters and how now that they are all in and functioning they are really helping with finding leaks. Her and Altfillisch just found two significant leaks in the last month.

Mayor Kline talked about the new feature she is doing on Facebook Live. It is called Coffee with Keri and even though we only had six watch during the actual live session, the count is now up to over 1000 views. She is hoping to get more people to watch it and interact with her by asking her some questions. She also wants to introduce different City Council people and employees during this time. Watch the City's Facebook page for more details on dates and times for this.

Discussion was held and questions were answered by Flora on the reasoning for this amendment. Flora stated that the way the ordinance reads, at this time, the lot purchased by Forest would not be big enough for the building he would like to build to store his equipment in. This amendment would allow for the building to be built, by conditional use, as long as he could meet all the required setbacks and other rules that the zoning ordinance puts on Industrial property.

Discussion was held and questions were answered by Flora on the reasoning for this amendment. Flora stated that these two lots, potentially being rezoned are right next to quite a large area that is already zoned Industrial and it only makes sense to change its zoning to the same as the lots next to it, so it can be utilized for business purposes.

Flora discussed working on the rezoning process for the earlier hearings from tonight and her and Hagstrom are working on getting a handout from First District that will better explain the zoning process when people come in with questions. Her office has been working on the transfer

of the liquor license for the Clark Lanes. She has been working to help Cassi Kottke find some different funding options for the pool. The Pool has 13 lifeguards, a manager and two assistant managers this year.
