Dear Benefactors, Erudee Foundation,

It is with great pleasure that I send you my warmest and sincerest greeting from the University of Technology and Arts of BYUMBA (UTAB) in Jesus' great name. Greetings also from Rwanda a peaceful country.

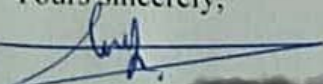

Fr. Joseph had the chance to meet with you in the journey he did the last months into your country. He told me that you are in good life. I am very happy to understand this news and I praise God for the good life you have and the love he has given you in Jesus Christ our Lord. Again, I am very happy to receive the tuition fees from you through Fr. Joseph. Now I have already finished paying all the money required at University for my final year.

I would like to apologize for not writing you this message earlier. From July we have been having very hectic program at the university. The university decided that our course should be completed by the end of November. I have been spending nights with no sleeping and preparing my research work. I am very happy because it is finished and I have submitted it. The title of my research is; "Challenges in the promotion of gender in Francis Imbuga's Aminata". This is one of the main themes of the play "Aminata" written by Francis Imbuga.

Probably I will graduate in the beginning of next year and I will let you know the date if it will be published, and I hope you will come to share with me the happiness. So, I thank you very much for improving my life and making me a person. I haven't a reward to give you, only God will reward you.

I wish you all the best with our Father and I wish you God's blessings and I am praying for you.

Yours sincerely,

Jean Claude [REDACTED]
