

Father, if this current drought in the area will bring about more souls choosing You and Heaven over the Satan and the heat of Hell, then be with us in our suffering as we continue to praise Your name. If however, Your Blessing of life-giving rain for the area would not hinder Your efforts and ours to bring people home to You, then we beg of You to give us rain for the crops and animals. We ask this in Jesus' name. Amen

May St. Joseph, St. Michael the Archangel, St Isadore, St. Eloi, The Blessed Virgin Mary and all the Heavenly hosts also join in our prayers to You Almighty Loving Father as well. Amen

This is **my** current prayer for rain. Feel free to use it, share it, or of course continue with **your own prayer** from **your heart** to the Lord.

~~~~ Michael Pekar
