

**BUY A RAFFLE TICKET TO  
WIN THIS HO LAYOUT!**

This one of a kind, handmade, portable layout could be yours. It measures 3 ½ feet by 7 feet with folding table legs for easy storage. It is complete with locomotive, cars, power supply, scenery, buildings and is Digital Command Control (DCC) equipped. The layout is available for viewing at the Hendersonville Depot, 650 Maple St. Hendersonville, NC during normal club hours: Wednesdays 1-3 and Saturdays 10-2pm. Raffle tickets cost \$10.00 and only 220 tickets will be sold! The drawing will be at the Club on Saturday, November 16. You need not be present to win. If needed, the club will arrange for **free delivery within 50 miles**. See any club member to buy your chance to win this beautiful layout painstakingly done by club members and led by an expert on scenery!

*Above is a view of the city area with the painted mountains and realistic greenery in the background. On each side is a “tunnel” entrance to the rural scene. There are five sidings on this side. On the front is the DCC plug-in connector. The controller and DCC-equipped engine are included.*

This is an aerial view of the layout showing both the city and rural sides. On the rural side from bottom to top are vehicles and figures of a farmer selling his produce from a stand and the back of his truck. Above are farm buildings and farmhouse with chickens, pigs and cows (hidden but on the hillside). A garden is

on this side of the house and growing crops are on the other side. There are flowers on the front that were put in one by one and a scene of clothes drying on the line in front. At the far end are more buildings and sidings as well as a passing track.
