**Linda & Leland Pinkerton (Vitalite)**

### Lighter and Loving It Couple's Weight Loss Improves Lifestyle

After a bad fall in 2008 left her with multiple injuries, Linda Pinkerton of Guadalupita, New Mexico, was introduced to Sunrider. After trying the products for three days, Linda noticed such a huge difference she chose to do a 90-day trial of Sunrider® products, including Calli®, Fortune Delight®, NuPlus®, Quinary®, and SunnyDew®.

Linda and her husband Leland also changed their diet, eating only fresh fruits and vegetables during the day, salads and stir-fry at night, and consumed very little meat. They also drank Calli® and Fortune Delight® throughout the day.

Within three months of changing their diet and consuming Sunrider® products, Linda and Leland experienced unexpected, but welcomed, weight loss.\* Linda said, "I lost 30 pounds and went from a 14 to an 8 in size—Wow, what a bonus!"\* And, with these lifestyle changes, she also noticed improvements in some lingering issues from her fall: "I have no pain, am not on any medicine, feel younger, and am stronger than I have been in years...Leland also lost 30 lbs. and went from being a size 40 to a 36!\* We both have more energy than we have had in a long time. I know Sunrider will be our food for life," Linda said.

Now two years later, both Linda and Leland have kept the weight off and are thrilled with their new lifestyle: "Our only goal was to feel good, have energy, and be able to purchase our products at the lowest price...We couldn't keep quiet about these foods when we knew we had something that truly works...We have products that keep us looking young, feeling great, and gaining financial prosperity."

\* In conjunction with a healthy diet and exercise. Results not typical.
