Buzzel & Selectmen Bob Flint

Minutes of Previous meeting read & accepted

Butch came in to talk to us about his CUP that
he was granted in 2002. He built about 1/2 the
project. He was permitted for 4 buildings but only
built 2. He has come to us for reassurance that he
can continue and complete the plan as filed.

Moved that The Planning Board Find The completion
of Butch's project would be covered by his original
CUP
Passed unanimously

We have received a CUP application from ~~John~~ FIN LLC / Scott Varney
for John Webster + Jim Messer

for Map 001 Lot 39 a medical marijuana grow operation

We discussed how to treat the application

As our Ordinance now reads his business is agricultural and is therefore
not in need of a CUP. We think the business would be subject to the
retroactivity of a moratorium which dates back to early May.

We asked for more information about the operation.

The project is agriculture and therefore a permitted use in the
Village Commercial district.
