Dear Client:

We have enclosed your 2022 Tax Organizer to assist you in gathering the information necessary to prepare your individual income tax return. We will prepare your 2022 federal and requested state income tax return from information that you will furnish us. The tax organizer allows you to conveniently use your home to collect the required documents to complete your return.

You have the final responsibility for your income tax return and therefore, you should review the tax organizer before you sign and carefully review all the questions.

The Internal Revenue Service matches information returns with amounts reported on tax returns. A negligence penalty may be assessed where dividends, interest, and security sales are under reported or when mortgage interest is overstated. Accordingly, all forms W-2, 1098 and 1099 Social Security Benefits, schedules K-1 and other informational returns reflecting amounts reported to the Internal Revenue Service should be included with the Tax Organizer on the day of your appointment.

It is your responsibility to provide all the information required for the preparation of complete and accurate returns. You should retain all the documents, cancelled checks and other data that form the basis of income and deductions for at least 5 years. These may be necessary to prove the accuracy and completeness of the returns to the taxing authorities. **You have the final responsibility for the income tax return and therefore, you should review them carefully before you submit your tax organizer.**

Our work in connection with the preparation of your income tax returns does not include any procedures designed to discover defalcations or other irregularities, should any exist. We will render such accounting and bookkeeping assistance as determined to be necessary for preparation of the income tax returns. We will use professional judgment in resolving questions where the tax law is unclear, or where there may be conflicts between the taxing authority, interpretations of the law, and other supportable positions. Unless otherwise instructed by you, we will resolve such questions in your favor wherever possible.

The law provides various penalties that may be imposed where taxpayers understated their tax liability. If you would like information on the amount or circumstances of these penalties, please contact us. Your returns may be selected for review by the taxing authorities. Any proposed adjustments by the examining agent are subject to certain rights of appeal. In the event of such government tax examination, we will be available upon request to represent you.

We urge you to collect your information and provide it to us as soon as possible so we may continue to provide you with quality services on a timely basis. If information from "pass through" entities such as partnerships, trusts, and S-corporations is the only data you are missing, please send the data you have assembled and forward the missing information when it is available.

The filing deadline for your 2022 Income tax return is April 15, 2023. In order to meet this filing deadline, your completed tax organizer needs to be received as soon as practical. Any information received after this date requires an extension that we can file for you.

If an extension of time is required, any tax that may be due with the returns must be paid with the extension. Any taxes not paid by the filing deadline are subject to late payment penalties and interest when those taxes are actually paid. Please remember, it is your responsibility to make sure the tax returns are timely filed.

We look forward to providing services to every client. I sincerely appreciate all of your continued support.

Sincerely,

Allie Daniels
