

FASHION FORWARD

By Nataliya Joy Prieto

The best of LA Fashion is nothing short of fabulous, sexy, innovative, and fun. The growing list of fashion designers whose talent for creative edge never disappoints. Visionary brilliance by designers Nikki Lund, Andre Soriano, Sam Sarpong and Boy London, Ashton Michael, Andrew Christian, CA-RIO-CA, R Michel'le, Coco Johnson, Ophelia Song, Kinsman Swim, Versa Swim, Latroductus Lingerie, Nancy Vuu, Daiki Shimizu, Antti Asplund, Gaby Wild and K.

Nicole, Datar Austin London, Amren Tulano, Emily Daccarett and Andrew Christian continue to get and keep our attention long after runway shows have ended. Sue Wong's 'Mythos & Goddesses' show during LA Fashion Week was quite simply head-to-toe elegance. Every closet has a place for her luscious designs and accessories. There are so many amazingly chic "must-have" designs by our LA designers that to support their efforts is to add *to-die-for* in your closets.

PETA & M4D3 stylish espadrilles for summer fun comes with their 'Make A Difference Everyday' campaign. This collection helps create positive social change by directly supporting worldwide ethical treatment of animals. Made with vegan materials, the M4D3 and PETA

collection spares pain to animals, and is kind to the environment. Order now. \$60 a pair, sizes 5-11 including half sizes for women. www.made-shoes.com.
