

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

The Geneva Family YMCA makes program excellence, enrichment, and your child’s safety our priorities. As providers, our goals are to deliver a positive and rewarding experience for every child and to exceed your family’s expectations. Our licensed and registered School Age Child Care programs continue to be here for your family and our community through the ongoing COVID crisis.

- Due to the coronavirus pandemic, no one can predict how schools will need to adapt their schedules throughout this school year. The Y will continue to be flexible to support the needs of “out of school time” for parents and families. The following schedule is based on various “out of school time” scenarios for Fall 2020.
- The Y will supplement the “out of school time” and provide child care, tutoring, homework support, and structured out of school enrichment activities that will enhance cognitive, social, and emotional development.
- Schedules are subject to change as the defined “out of school time” changes.
- The Y will maintain an aggressive financial assistance program to support families and not turn anyone away due to the inability to pay. The Y will raise local philanthropic dollars to support the financial assistance program.
- Payment for services are due the Friday prior to services.
- Programs with an asterisk are eligible for application with the Department of Social Services for payment/partial payment of services using an income eligibility formula. (Parent must be working during the time the services are provided to be eligible)
- All programs require a pre-registration
- Enrollment packet with more information is available by contacting Sara Allen at 315-789-1616
- Plans A, B, & C include homework & academic support and enrichment activities

PLAN A* Designed for full day elementary level school offered 5 days per week. YMCA will provide before and after school care	Elementary Students attend school full day, 5 days per week. The YMCA offers care in the morning and afternoons. Morning care will begin at 6:30 am until start of school and Afternoon care will begin immediately after students are released from school until 5:00 pm Monthly Fee After School only: \$175/month Monthly Fee *Before School Care only: \$125/month *Must have minimum of 10 children registered for program to run YMCA Family Member – 10% discount; Multiple Children – 10% discount If school is not in session and the “part day” program needs to be expanded to full day, care will be held at the YMCA and an additional \$30/day will be added to the weekly fee.
PLAN B* Designed for a hybrid scenario where elementary students attend only certain days of school	Elementary students attend school for an abbreviate number of days per week and the YMCA provides full day childcare for the days children are not scheduled to attend school. This is based on a 2 day after school care, 3 day full day care scenario. Hours: TBA Weekly Fee: \$120/week (2 half & 3 full days per week) YMCA Family Member – 10% discount; Multiple Children – 10% discount If school is not in session, additional days can be provided at \$30/day
PLAN C* Designed for a completely virtual learning scenario where children do not attend school in person, but families still need childcare	Elementary students do not return to in person school at all and the YMCA provides 5 day per week full day childcare. Care will be offered from 7:00 am - 5:00 pm daily. Weekly Fee: \$150/week YMCA Family Member – 10% discount; Multiple Children – 10% discount

<p>Virtual Homework Support</p> <p>Designed for families who want children to receive additional/specialized homework support</p>	<p>Homework Support & Tutoring Sessions: An HWS student tutor will work one-on-one with the students grades K-6 to teach, guide, and assist the student with the assigned homework and academic learning agenda. Appointments are made with a grade/subject appropriate tutor at least 48 hours in advance.</p> <p>1 hour session - \$ TBD Block of ten (10) 1-hour sessions - \$TBD</p>

Maintaining A Safe Environment

The YMCA has been providing child care since the COVID-19 Shutdown in March. The complete safety plan is available on the YMCA website. The Y has a comprehensive safety plan for the licensed child care program - following safety protocol are key components of the plan to mitigate the spread of the virus:

- On parent drop off days, parents will bring their child(ren) to the entry of the YMCA. Parents are not permitted into the building. The child has their temperature checked and a health check scan regarding common COVID symptoms will be completed by staff. If temperature is below 100.4 degrees and answers are negative to questions, the child will wash their hands and be escorted by staff to their assigned room. Failure would result in the child being sent home (Staff follow the same protocol prior to the start of their shift)
- Staff are required to wear masks at all times. Children must wear masks while walking through the building, they may remove masks while in their classrooms and during physical activity.
- Children are required to wash their hands and have their temperature taken throughout the day.
- Students and staff are required to stay home if they are not feeling well
- YMCA staff will continuously clean surfaces
- Children will not share any equipment or supplies. Consumable supplies will be assigned and labeled for use by the student. Equipment will be cleaned between use
- Students stay with their groups throughout the day with the same staff. Every effort is made not to intermingle groups
- In addition to regular cleaning throughout the day, a deep cleaning of all rooms and facilities will be completed daily.
