DDPSA NEWS—Delta's Quarterly earnings

A summary of Delta's 2013 Third Quarter earnings is as follows:

Net profit	\$1.37 billion
Net profit excluding fuel hedges	\$1.2 billion
Revenue increase of +6% to	\$10.49 billion
Refinery profit	\$3 million

During Delta's darkest hour of bankruptcy, the D&S Trust became a source of funds to pay up to \$60 million annually for pilot sick leave. That expenditure can be viewed as a necessary expenditure to assist in Delta's reorganization. Now that Delta has successfully reorganized and is prospering with record income, perhaps Delta will consider returning to the D&S Trust funds that were expended on pilot sick leave.
