Lana Plinto
District Clerk

Brian Cleary
Treasurer

Ingerman Smith, LLP
School Attorney

Dear Members of the Valley Stream 24 Community:

As we previously notified you, New York State continues to require schools to conduct water testing for lead on a five year cycle.

As we have stated in the past, all of our water fountains that are operational are safe for drinking purposes and within the established guidelines. Our sinks are also within safe levels for hand washing or other uses and do not require testing.

Non-potable water signs have been posted over our sinks for awareness and we will be re-testing all of our water outlets in accordance with the State regulations in 2020.

For any test results, please contact the Superintendent's office.

Sincerely,

Dr. Don Sturz
Superintendent of Schools
