

Selling A Home in Solivita

Solivita is a gated community and Residents must enter guests to their property visitor's list for entry. This is not realistic when a Resident puts their property on the market to sell. In order to assist the owner with entry to the gates for realtors to show the property, the Membership office will mark the property records with the date the notification was received and:

Received Notice that Home is For Sale. Gates: Allow all accredited realtors, appraisers, inspectors, surveyors showing proper identification access to property for any tasks related to sale of property.

Please send the completed form located below to SolivitaMembership@Evergreen-LM.com and an email will be returned confirming receipt.
