

CMAA 2020- Chapter Event

Dear CMAA Baltimore Chapter Members,

As National kicks off CMAA2020, I hope you are registered to attend the virtual conference. Our Chapter is planning to be involved and will be hosting a Chapter meeting as well as broadcasting it through the CMAA2020 platform. The session will be held Thursday Oct 15, from 8:00 – 8:45am.

Don't worry if you are not registered for CMAA2020 you are still able to join us as a member of the Baltimore Chapter. We will be exploring the partnerships available with the Student Chapter at Morgan State University. We will discuss the ways our professional industry can contribute and supplement classroom learning with real world practicality. The link to the meeting is as follows: <https://www.gotomeet.me/NicohleBradford/new-meeting-1> . The meeting is first come first serve and has a room capacity of 150 people. Hope to see you there.

Exciting news was also just learned. The CMAA Chapter Relations Committee has notified the Baltimore Chapter that were selected to receive a Chapter Recognition Award. The award is scheduled to be presented on Thursday at the Plenary Session at 12:15pm. If you are attending CMAA2020 please stop by to see this.

In other news

Although our Amazon tour was cancelled, we are working to get a virtual tour so we can plan to host another Chapter event. Look for an announcement on that topic soon.

We are also developing a means in conjunction with Morgan State University to host a virtual Career Fair. We also hope to have an announcement about that event in the very near future.

Don't forget to submit you award nominations. The deadline for entry is this Friday October 16th.

Sincerely,

David A. Wissmann
