### AN IMPORTANT MESSAGE ABOUT TRUTHFULLNESS...

One of the fundamental requirements of working in fire service is the ability of an individual to adhere to and demonstrate the highest legal and ethical standards. The Brownstown Fire Department has an unwavering stand on untruthfulness and dishonesty that can result in the dismissal of an employee who engages in such misconduct.

The same standard applies in the hiring and selection process. Unfortunately, it is our experience that a number of applicants in each hiring process will fail due to such misconduct. **If you are untruthful, dishonest, knowingly omit, falsify, conceal or obscure required information, or engage in any similar misconduct or deception during any part of the application and hiring process, you may be permanently disqualified from being employed by the Brownstown Fire Department.** Information regarding a candidate's disqualification may also be made available to other fire service agencies with an authorized request.

Please circle the correct answer to the following questions. If you answer "yes" to any question you must provide additional information about the circumstances, including dates. Attach additional pages if necessary. A "Yes" answer may not automatically bar an applicant from employment, however, you must provide detailed information about each "Yes" response. Failure to provide the information requested will disqualify you from the process. The relationship of the conviction to the job, as well as the severity and the passage of time will all be considered.
