

Rules for Team Low Net

All players must have a handicap. If a player does not have a handicap he has to play to a zero. Or come and see Vern Novack and I will give you one. Players must fill out their score cards with first initial and last name. Enter all the players names and handicap on the score cards, and which colour tees you are going to play. The handicaps are available, on our website, in the pro shop and Brian our starter has a copy. All players enter their gross score on every hole and at the end of the round, total your score and subtract your handicap.

To save time, if you are a 3 some, just play as a 3 some there is no Phantom. I will adjust for a 4th player.

Have fun.
