

Chaplain Report December 2024
December is Veterans Affairs and Rehabilitation Month

Fall Conference was very productive. I think those that attended, absorbed more than in past years. It was a great experience.

Unfortunately, the Department suffered the loss of Past President Jennie Molina. We have lost three great Department Presidents since July. At least we can have the comfort in knowing that they are no longer suffering.

As of the writing of this bulletin, PDP Jennie's services are scheduled for November 30th at 10am at American Legion Post 11, in Douglas, Arizona. A recap of her services will be available in the January Bulletin.

Religious sensitivity during the Holidays

In the American Legion Family, we do not promote any single religion or culture. And in a country as multicultural as the United States, the months of November, December and January are filled with diverse cultural and religious events and celebrations. Enjoying your own while recognizing and respecting others' traditions is important this holiday season. As a Christian, I often must keep myself in check to not offend other faiths. As a member, here are some things to consider to show your respect and understanding:

- Embrace the diverse celebrations around you and welcome others to join your celebration. Don't miss the opportunity to learn about each other!
- Look for commonalities and points of interest between traditions rather than focusing on the differences. Remember that all religions believe in courtesy, kindness, and empathy.
- Don't feel like you must apologize if your celebrations are different than someone else's. You can be you!

Most importantly, remember that kindness should rule the season. Your actions and reactions, if given and taken with kindness, will enlighten those around you to both your holiday traditions and your intentions to wish well upon them.

Have a joyous and safe Holiday Season! I bid you Peace and Joy to you and your family this Holiday Season!
