**CITY OF CORDELE
POLICY DIRECTIVE
WATER/SEWER ADJUSTMENT
August 16, 2021**

Purpose

To establish a water/sewer adjustment policy that protects the City of Cordele.

Policy

The adjustment to a utility bill when the customer reports a water leak, will be as follows.

The customer must first show the city proof that a leak happened (unusually high use on a utility bill) and proof that the leak has been properly fixed.

The city will average the customers use for the previous twelve (12) months prior to the leak.

The city will adjust the sewage use only during the leak to the average use obtained from the previous 12 months.

The city will provide a credit to the customer's account on the sewer charges only.

Effective Date

This policy is effective immediately. The City Manager reserves the right to amend or rescind this policy directive at any time.

Roland McCarthy, City Manager
