Corpse of Discovery Halloween Happening 2020

When Lewis & Clark and their Corps of Discovery left St. Louis, they expected to find a water route to the Pacific Ocean. But, they didn’t. They expected to find animals like Wooly Mammoths and Sabre-Toothed Tigers. But, they didn’t. They did meet lots of interesting people and see remarkable sights, though. This year, you might have expected a different kind of Halloween. We hope it is still interesting and remarkable, even though it isn’t what you expected!

MATCHIN’ BATS!
MATCH THE BODY PART TO ITS FUNCTION!

BATS USE THESE TO MUNCH UP THEIR FOOD!
MOST BATS USE THESE TO HOLD ON TO CAVE WALLS OR TREES, ESPECIALLY WHEN ASLEEP. SOME BATS EVEN USE THESE TO CATCH FISH!

BATS USE THESE TO FIND THEIR PREY, BY PICKING UP SOUNDS AND VIBRATIONS IN THE AIR.

BATS USE THESE TO EXPLORE THE SKIES, OFTEN AT HIGH SPEEDS!

SOME SPECIES OF BATS Rely HEAVILY ON THIS BODY PART TO FIND FOOD, ESPECIALLY SMELLY SNACKS!
