The Kingdom of Morocco is located in northwestern Africa and has North Atlantic and Mediterranean coastlines. Home to nearly 34 million people, the country has been flavored by Arab, indigenous Berber, European and Sub-Saharan cultures. With a long history of independence not shared by many of their African neighbors, a visit to this beautiful country is a must in one's lifetime.

Program Highlights

- 7 nights / 9-days journey through Morocco in deluxe 5* hotels
- **Accompanying guest program** available on this itinerary.
- Interact with **medical experts** from a variety of locations, backgrounds, and professional influences throughout the country.
- **10.0 Continuing Medical Education (CME) credits** will be sought for this journey. *** This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Wilderness Medical Society and Nanda Journeys. The Wilderness Medical Society is accredited by the ACCME to provide continuing medical education for physicians. ***

Professional Focus

- Gain exposure to the **wide variety of health care delivery** modalities in the public sector between "town and country", fixed clinics and hospitals, mobile teams working further into the countryside, and those serving nomadic tribes.
- Learn about **religious and local cultural considerations** in the delivery of healthcare in this remarkably diverse environment.
- Explore the challenges in the **prevention and treatment** of both communicable (e.g. TB) and chronic (e.g. diabetes) diseases in this very diverse population.

Focus on the Community

- Giving back and engaging with the community is an important part of your journey. Spend time with staff and students in a **local school**, providing much needed furniture for the school (included in your program cost) and interacting with the children.

Program Leader: Dr. Stuart F. Seides | Physician Chief Executive, MedStar Heart & Vascular Institute

Dr. Seides is responsible for all clinical services and administrative operations related to heart care delivered by MedStar Health and its affiliated physicians in the Washington-Baltimore region, including Washington Hospital Center, Georgetown University and Union Memorial Hospitals.
