Emmaus, PA 18049

Dear Shawn Marie and Brian,

As the season comes to a close, I want to extend the gratitude of the LOLV Executive Board and the residents for your outstanding work keeping our roads, driveways, and walkways cleared during this snowy season. Your teams worked tirelessly to keep on top of things snow storm after snow storm. The coordination with the LOLV Grounds Committee Snow Coordinator worked well and was effective in addressing special needs and issues.

The 2013-14 snow season has been record breaking for Legacy Oaks at Lehigh Valley. This year's weather events were unprecedented. Your highly effective efforts reinforce our good choice in selecting Hursh's Landscaping for snow removal.

I would be happy to be a reference for Hursh's Landscaping as you work to acquire new business. You are a valued partner to LOLV for which we are grateful.

Sincerely,  
For the Executive Board of LOLV

Hursh's Landscaping  
P.O. Box 446  
Emmaus, PA 18049

Dear Shawn Marie and Brian,

The Board Members from Four Seasons at Farmington, the Management, members of the Streets and Grounds Committee and the residents would like to thank you and your employees for the commendable snow removal service you have been giving our community. Your employees are professional, caring, thoughtful and competent.

This has been an exceptionally difficult winter and you are living up to our expectations for your company, if not surpassing them, with your attention to our roads and homes. We really appreciate all of your hard work to keep our residents safe and mobile.

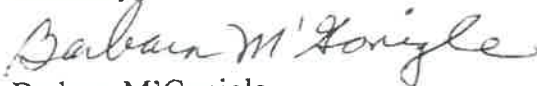

We are especially grateful that you continue to readily communicate with Bob, Andy and Lucille so we can keep the community informed. It is amazing what can be accomplished for the good of the community with the cooperation of your company, committee members, management and the Board. We are very lucky to have chosen Hursh's for snow removal.

We want to let you know that we have received many phone calls and e-mails praising the work of your employees. This is a reflection on both of you, as owners. You have educated them well and it shows in their performance. You should be proud of your company and its service. We are. Please share this praise from our community with your employees.

We can only hope that the worst is over and the remainder of the season is snowless!!!!

Once again, thank you, thank you, thank you for your outstanding service. It is really appreciated.

Sincerely,

Barbara M'Gonigle  
President

Emmaus, PA 18049

Dear Shawn Marie,

I am writing to thank you and rest of your staff (family) at Hursh's Landscaping for the fantastic job you've all done for the Highlands of Glenmoor the past few years. Hursh's professionalism, experience, flexibility and availability all contribute to making the process on our end stress-free and easy to manage, and the quality of the work has always been top-notch.

There's also something to be said about working with a local, family-owned business. Not only do we never feel like just a number, but knowing you know us means you really understand our community's unique needs and can meet them on each job without the need of lots of explanations.

Last but not least, it's been a genuine pleasure getting to know you and your family over the years.

Thank you again for everything. Highlands of Glenmoor looks forward to working with you this coming season and many more to come.

Sincerely,

A handwritten signature in black ink that reads 'Melody Lopez'. The signature is fluid and cursive, with the first letters of the first and last names being capitalized and larger than the rest of the letters.

August 13, 2013

Dear Sir or Madame:

We are pleased to offer this letter of recommendation on behalf of Hursh's Landscaping. After experiencing some very unsatisfactory landscaping outfits, we looked long and hard to find the best landscaper/snow removal firm we could, and we surely did. The three attributes we find most attractive are their financial package, expertise, and professionalism.

Taking into account the quality of their products, their very up-to-date-equipment, and the degree of service they give, we feel our money is well spent. In this case, we certainly get what we pay for.

Their "team approach" to servicing a community like ours has a two-fold benefit. Depending upon the on-site purpose, each crew has a specific level of knowledge, which only boosts the confidence we have in them; secondarily, we have developed a mutual rapport, where we are comfortable with the same faces each week, and they know the nuances of our property and residents.

They are dedicated to providing varied and individualized services, tailoring their treatment to our community's needs. That requires flexibility, responsiveness, and good judgment. They work carefully with us, and together we decide on the best approach for our property. This is how a business like this should be run and proof of their professionalism.

Here is the bottom line: Hursh's Landscaping, with Brian and Shawn Marie Hursh at the helm, is easily the best landscaping company in town, in our humble opinion.

Sincerely,

Donna Baur, President  
Four Seasons at Saucon Valley condominium Association

To Whom It May Concern

The Association has engaged the services of Hursh's Landscaping for the landscaping and snow removal of the community since 2006.

We are very pleased with the performance of the workers, the service provided by the company, and most of all, the professionalism of the owners. They are easily accessible and very responsive to our requests.

Services for landscaping are performed in a timely manner and snow removal is done quickly and efficiently.

We would not hesitate to recommend the services of Hursh's Landscaping for your business or association.

Sincerely,

Ralph Laubach  
President  
Board of Directors  
Glenmoor Condominium Association

William L. Mackey Jr.  
Vice President of HOA  
Countryside @ Saucon

August 13, 2013

To whom it may concern:

I am writing this letter of recommendation for Hursh's Landscaping. I have known the owners, Shawn Marie and Brian personally for almost 10 years. .

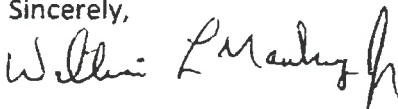

Hursh's Landscaping has been providing Countryside at Saucon with full service lawn care and snow removal since 2011. They have provided our community with exceptional customer service. They and all their employees show constant professionalism in all that they are asked to do. They listen to the needs of the community and work with us to develop a plan and then execute the plan in a timely manner. They have definitely helped improve our neighborhood.

Part of our contract with Hursh's is to provide snow removal. We ask that they clear all driveway aprons, common sidewalks, and our private courts. They have done an exceptional job at being proactive and showing up prior to, during and after a snow storm to get our community back to normal as quickly as possible.

The other part of our contract with Hursh's is to provide lawn and bed maintenance. Our lawn has been the healthiest that it has been in years due to the quality of service that Hursh's provides.

For further information, please feel free to contact me at (484)239-5427.

Sincerely,

A handwritten signature in black ink, appearing to read "William L. Mackey Jr.", written in a cursive style.

# LEGACY OAKS

*at Lehigh Valley*

January 21, 2009

Hursh's Landscaping  
P.O. Box 446  
Emmaus, PA 18049

Dear Brian and Shawn Marie,

We are now well into our second year of having you provide Landscaping and Snow Removal services here at Legacy Oaks at Lehigh Valley and we couldn't be happier with those services.

Our lawns and common areas have never looked better. Your pro-active approach to fertilization and herbicide application recommendations has saved us money in the long run by dealing with potential problems before they become costly.

Your prompt and cost effective snow removal services have been outstanding. Resident complaints are a thing of the past. No more scraped driveways or chipped curb. No more calls from residents asking when are they coming.

It's a pleasure working with you both and you sure make things a whole lot easier for us on the Executive Board.

On behalf of the Executive Board

  
Neill J. Dekker, President

## Hope United Church of Christ

1031 Flexer Avenue  
Allentown, PA 18103-5529

---

610-439-8118

September 2, 2011

To Whom It May Concern:

We completely recommend Hursh's Landscaping for all your landscaping needs. We have been using their services at Hope Church for over a year now, and we have never been disappointed in either the quality of the work or the amount we've paid.

Brian and Shawn Marie Hursh and their team are dedicated and professional, and are not interested in doing something simply so they can charge you for it. Instead, they work carefully with you, and together you decide on the best approach for your property. This is how a business like this should be run.

We recently hired Hursh's to install a memorial garden as an addition to the church's landscaping, and they did an outstanding job so far. They also stand behind every shrub and tree that they plant, so that if there is a problem, they replace the problem plantings.

Sincerely,

Bill Seaman  
Memorial Garden Committee Chairperson
