

Name _____

Sunday you heard the story of Jesus gathering disciples. The first two men he asked to join him were fishermen. He asked them to leave their nets and come be fishers of men and women to follow the word of God. They had to have strong faith in Jesus to do this. Their faith was strong like the nets they used to catch fish.

Fill the fishing net below with fish you cut out from page 2. Before cutting out the fish write a word or phrase in each fish that might be something the disciples said to convince men and women to become Jesus' disciples. Glue each fish on the net.
