

# 7K Plus Pressure Sealer

To meet evolving business requirements, the Infinity Solutions product team offers the 7K Plus Pressure Seal System. The 7K Plus is an excellent solution for mid to high volume users providing simplistic setup and quiet operation. The machine has user friendly touch screen controls and insulated fold plate covers for quiet operation.

Capable of processing up to 12,000 forms per hour, the 7K Plus incorporates bottom feed technology for continuous operation, increasing your organizations productivity while reducing operational costs. This remarkable unit offers standard fold patterns including Z, EZ, C, EC, V, Return Envelope, and custom folds. The 7K Plus also has the ability to interface with our new high capacity conveying systems to increase off load capacity of up to an additional 3,000 documents.

**Performance under pressure - often copied never duplicated.**

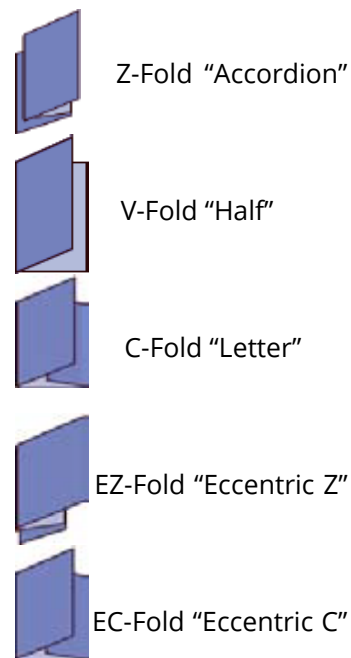

**7K Plus**

- Quiet and low maintenance
- Sound covers and whisper drive systems
- Simple operator controls
- Handles all popular fold styles: V, Z, C, and EZ – Pre-marked for easy set-up
- Folds and seals up to 11,000 documents per hour with variable speed and jog forward/reverse
- Completely seals across documents, No “pressure zones”
- 1 year on all parts
- National on-site service options available.
- Manufactured in USA

# 7K Plus Pressure Sealer
