

## **ATTENTION ALL VENDORS - 2017**

Our expenses have been increasing yearly. We have tried not to increase our fees but, it cannot be helped if we are to continue this oldest antique car and parts swap meet and flea market in New York State. *In saying that we must increase the space charge next year.*

Due to an increase in our rent at the fairgrounds we have increased our spaces to \$5.00 more for each space in 2018. Please see the registration card enclosed.

Also, to decrease the vehicle traffic at the event, we are now charging your customers a refundable deposit of \$20 for ½ hour on the grounds for pickup only. There will be a tag attached to their vehicle with date, time in, and time out. If they are not back at the gate within the time limit they will forfeit their \$20. Please pass this along to your buyers if they are purchasing something that they need to come in with their vehicle.
