

An aerial photograph of a large, mostly brown field, possibly a golf course or agricultural land. A cyan-colored boundary line outlines a large, irregularly shaped area in the center-left. The text "AREA OF MINIMAL METHOD HAZARD Zone X" is overlaid in white with a black outline. A yellow boundary line is visible in the background, and a blue line runs vertically through the lower part of the cyan-outlined area. There are some green patches and a small pond on the right side of the image.
