

START or STOP receiving emails

All paid DPRA Members should automatically receive periodic emails from DPRA letting them know about upcoming events, Shoot Days, Fallen Officers, News important to Retired Officers and other helpful information.

If you have previously requested to stop receiving emails or if you are a PAID member and not receiving emails and wish to start receiving emails, complete the link below

[START emails](#)

If you are currently receiving emails and would like to stop receiving emails and be removed from the senders list please completes the link below.

[STOP emails](#)

If you are a current member and are not receiving emails

Some email providers in an attempt to protect their customers from SPAM will block or move emails to a spam folder, often without letting the user know that the mail was blocked. This is their attempt to protect you from unwanted spam.

The problem is this can inadvertently block some legitimate emails.

If your provider is blocking emails from DPRA you may be able to eliminate the problem by adding **denver@dpra.info** and **dpra@dpra.info** to your safe senders list and/or your address book.
