

**SCIENTIFIC PROGRAM AT-A-GLANCE—ICA 2017**

THURSDAY, 7 SEPTEMBER 2017				FRIDAY, 8 SEPTEMBER 2017				SATURDAY, 9 SEPTEMBER 2017	
08.30 09.00	OPENING CEREMONY—WELCOME ADDRESS <i>Lecture Hall 1</i>			08.30 10.00	CHALLENGES IN THORACIC AORTIC SURGERY <i>Lecture Hall 1</i>	08.30 11.30	TRAINING WORKSHOPS	08.30 10.00	NEW TRAINING CONCEPTS—HOW SHOULD WE TEACH THE NEXT GENERATION? <i>Lecture Hall 1</i>
09.00 10.15	THERAPY OF VASCULAR STROKE <i>Lecture Hall 1</i>  <i>Chairpersons:</i> W. Lang, Vienna S. Saha, Lexington	09.00 12.00	TRAINING WORKSHOPS	<i>Chairpersons:</i> M. Grabenwöger, Vienna R. Franz, Columbus		FEVAR <i>Sponsored by Gettinge Room 1</i>		<i>Chairpersons:</i> J. Falkensammer, Vienna E. Molmenti, Manhasset	
<i>Chairpersons:</i> W. Lang, Vienna S. Saha, Lexington		Aortic Interventions Standard EVAR I <i>Sponsored by Vascutek Room 1</i>	08.30 08.45	Genetics on Thoracic Aortic Aneurysms J. Elefteriades, New Haven	08.30 08.45			Implications of Work—Time Regulations: The Chief's Perspective W. Hofmann, Feldkirch	
09.00 09.15	Structure of Stroke Centers: A Multidisciplinary Approach—An American Perspective S. Saha, Lexington		08.45 09.00	Outcomes of Conventional Aortic Arch Repair M. Grabenwöger, Vienna	08.45 09.00			Implications of Work—Time Regulations: The Resident's Perspective F. Taher, Vienna	
09.15 09.30	Stroke Units and the Austrian Stroke Unit Network W. Lang, Vienna	Percutaneous Access <i>Sponsored by Abbott Room 2</i>	09.00 09.15	Indications and Outcomes of Endovascular Aortic Arch Repair T. Kölbel, Hamburg	Peripheral Interventions II <i>Sponsored by Cook Room 2</i>		09.00 09.15	New Training Concepts in Cardiology	
09.30 09.45	Update on Thrombolysis in Acute Stroke Patients W. Pirker, Vienna		09.15 09.30	Paradigm for Detecting a Silent Killer J. Elefteriades, New Haven			09.15 09.30	New Training Concepts in Radiology C. Loewe, Vienna	
09.45 10.00	Intracranial Thrombus Retrieval: Techniques & Results F. Wolf, Vienna	Coronary Interventions I <i>Sponsored by Cordis—Cardinal Health Room 3</i>	09.30 09.45	TEVAR for Acute Thoracic Aortic Injury R. Franz, Columbus	EVAR II <i>Sponsored by Medtronic Room 3</i>		09.30 09.45	New Training Concepts in Cardiac Surgery A. Kocher, Vienna	
10.00 10.15	Optimal Timing of Carotid Revascularization R.J. Toorop, Utrecht		09.45	Discussion			09.45 10.00	New Training Concepts in Vascular Surgery J. Falkensammer, Vienna	
Discussion			09.45	Discussion			Discussion		
10.15 10.45	COFFEE BREAK <i>Exhibition Hall</i>			10.00 10.30	COFFEE BREAK <i>Exhibition Hall</i>		10.15 10.45	COFFEE BREAK <i>Exhibition Hall</i>	
10.45 12.15	CAROTID REVASCULARIZATION <i>Lecture Hall 1</i>			10.30 12.00	THORACOABDOMINAL AORTIC ANEURYSM REPAIR <i>Lecture Hall 1</i>		10.45 12.00	NEW HORIZONS IN PERIPHERAL ARTERY DISEASE <i>Lecture Hall 1</i>	
<i>Chairpersons:</i> W. Zhou, Tucson H.H. Eckstein, Munich				<i>Chairpersons:</i> J. Schmidli, Bern T. Kölbel, Hamburg				<i>Chairpersons:</i> T. Hölzenbein, Salzburg R. Sharma, Detroit	
10.45 11.00	Near Infra-Red Spectroscopy Analysis of the Carotid Artery Plaque Composition Based on the Distribution of Endothelial Shear Stress P. Hájek, Prague			10.30 10.45	Immediate and Long-Term Outcome of Open TAAA Surgery A. Greiner, Berlin		10.45 11.00	Stem Cell for the Treatment of Peripheral Arterial Disease R. Franz, Columbus	
11.00 11.15	Optimal Medical Treatment—Standard of Care for Patients with Carotid Artery Disease M. Brodmann, Graz			10.45 11.00	Immediate and Long-Term Outcome of Endovascular TAAA Surgery P. Kasprzak, Regensburg		11.00 11.15	Endovascular Management of total Occlusion of the Abdominal Aorta: Mid-Term Follow-Up S. Saha, Lexington	
11.15 11.30	Identification of High-Risk Patients with Asymptomatic Carotid Stenosis: Fact vs Fiction Wei Zhou, Tucson			11.00 11.15	Spinal Cord Ischemia after Open TAAA Repair-How Can this Complication be Prevented? Open Repair J. Schmidli, Bern		11.15 11.30	Management of Type B Acute Aortic Dissection in Developing Countries: A Single Center Experience I. Dakota, Jakarta	
11.30 11.45	High Grade Asymptomatic Carotid Stenosis: Who Should be Treated? H.H. Eckstein, Munich			11.15 11.30	Spinal Cord Ischemia after Endovascular TAAA Repair-How Can this Complication be Prevented? Endovascular Repair P. Kasprzak, Regensburg		11.30 11.45	Stent versus Bypass for Femoropopliteal Lesions in TASC II Type C and D Lesions F.K. Enzmann, Salzburg	
11.45 12.00	Indication for Carotid Surgery in Women T. Cohnert, Graz			11.30 11.45	The Future Standard of Care for Juxtarenal AAA's A. Greiner, Berlin		Discussion		
Discussion			Discussion						
12.15 13.00	LUNCHEON BREAK <i>Exhibition Hall</i>			12.00 12.45	LUNCHEON BREAK <i>Exhibition Hall</i>		12.00 12.45	LUNCHEON BREAK <i>Exhibition Hall</i>	

CANCELLED

				12.00 12.45	<b>IMPLICATIONS OF ANTITHROMBOTIC THERAPY IN ACUTE AND ELECTIVE VASCULAR SURGERY</b> <i>(Sponsored by Daiichi Sankyo/Mitsubishi)</i> Lecture Hall 1				
				12.00 12.15	Perioperative Management of Patients on New Oral Anti-Coagulants I. Pabinger-Fasching, Vienna				
				12.15 12.30	ACCP Guidelines for Patients with Heparin-Induced Thrombocytopenia Type J. Klocker, Innsbruck				
					Discussion				
13.00 14.15	<b>CARDIOGENIC STROKE</b> Lecture Hall 1	13.30 16.30	<b>TRAINING WORKSHOPS</b>	12.45 14.00	<b>JUXTARENAL AAA REPAIR</b> <i>(Sponsored by Vascutek)</i> Lecture Hall 1	13.00 16.00	<b>TRAINING WORKSHOPS</b>	12.45 14.00	<b>OPTIMAL PREVENTION STUDIES IN 2017</b> Lecture Hall 1
	<b>Chairpersons:</b> B. Lüderitz, Munich K. Huber, Vienna		<b>Iliac Interventions &amp; CERAB</b> <i>Sponsored by AMP/Bentley</i> Room 1		<b>Chairpersons:</b> A. Assadian, Vienna N. Burfitt, London		<b>EVAR III &amp; TEVAR</b> <i>Sponsored by Cook</i> Room 1		<b>Chairpersons:</b> K. Prasad, Saskatoon O. Pachinger, Innsbruck
13.00 13.15	<b>The Risk of Stroke in Atrial Fibrillation</b> B. Lüderitz, Bonn			12.45 13.00	<b>Impact of Clamping Level on Morbidity and Mortality</b> J. Schmidli, Bern			12.45 13.00	<b>AGEs/sRAGE but not sRAGE is a Risk Marker for Cardiovascular Disease—Prof. Albert Senn Memorial Lecture</b> K. Prasad, Saskatoon
13.15 13.30	<b>The Role of Subclinical Atrial Fibrillation in Stroke Etiology</b> M. Stühlinger, Innsbruck		<b>Peripheral Vascular Interventions 1</b> <i>Sponsored by Cook</i> Room 2	13.00 13.15	<b>The 90° Angle—Standard Anaconda in Angulated Necks</b> A. Stehr, Mülheim		<b>The Iliac Branch Device</b> <i>Sponsored by Jotec</i> Room 2	13.00 13.15	<b>The Role of Non-Traditional Cardiovascular Risk Markers in the Era of Multiple Guidelines</b> T. Whayne, Lexington
13.30 13.45	<b>Triple Therapy in AF after PCI—For Whom and for How Long?</b> H. Alber, Klagenfurt			13.15 13.30	<b>Development of a New Device for the Treatment of Juxtarenal AAA</b> N. Burfitt, London			13.15 13.30	<b>PCSK9 Inhibition: The Holy Grail?</b> K. Huber, Vienna
13.45 14.00	<b>Do we Need an Antidote for NOAC's?</b> K. Huber, Vienna			13.30 13.45	<b>Mid-Term Results after Fenestrated Endovascular Aortic Repair (FEVAR)</b> A. Assadian, Vienna			13.30 13.45	<b>Why is Cardiovascular Mortality Still the Leading Cause of Death?</b> O. Pachinger, Innsbruck
	Discussion			13.45 14.00	<b>Endovascular Treatment for Type IV TAAA</b> J. Falkensammer, Vienna			13.45 14.00	<b>Treatment Modalities for Advanced Glycation End Products &amp; its Receptor Mediated Cardiovascular Diseases—Prof. Hans J. Hachen Memorial Lecture</b> K. Prasad, Saskatoon
					Discussion				Discussion
14.15 14.45	<b>COFFEE BREAK</b> Exhibition Hall			14.00 14.30	<b>COFFEE BREAK</b> Exhibition Hall		14.00 15.30	<b>ICA BUSINESS MEETING</b> Board of Directors Lecture Hall 1	
14.45 16.00	<b>VALVULAR INTERVENTIONS</b> Lecture Hall 1	15.00 16.15	<b>ORAL SESSION 1</b> Lecture Hall 2	14.30 15.45	<b>STRUCTURAL HEART DISEASE</b> Lecture Hall 1	14.30 15.30	<b>MODERATED POSTER SESSION 1</b> Lecture Hall 2	15.30 16.30	<b>ICA BUSINESS MEETING</b> Vice Presidents, Officers & Editors Lecture Hall 1
	<b>Chairpersons:</b> J. Eleftheriades, New Haven G. Laufer, Vienna		<b>Moderators:</b> T. Whayne, Lexington P. Hájek, Prague		<b>Chairpersons:</b> J. Veselka, Prague M. Grimm, Innsbruck		<b>Moderators:</b> P. Aarnio, Helsinki E. Molmenti, Manhasset		<b>END OF SCIENTIFIC PROGRAM</b>
14.45 15.00	<b>Surgical Aortic Valve Replacement—State-of-the-Art</b> G. Laufer, Vienna	15.00 15.10	<b>Endovascular Femoral Popliteal Interventions</b> R. Hacker, Toledo	14.30 14.45	<b>Novel Findings in Hypertrophic Cardiomyopathy</b> J. Veselka, Prague	14.30 14.37	<b>Incidental Diagnosis of Ovarian Vein Thrombosis</b> J. Koh, Singapore		
15.00 15.15	<b>Indications &amp; Outcome of Transcatheter Aortic Valve Implantation</b> F. Egger, Vienna	15.10 15.25	<b>Autonomic Assessment Assist in Hypertension Management</b> G. Murray, Germantown	14.45 15.00	<b>Preserving the Aortic Valve in Ascending Aortic Aneurysms</b> M. Grimm, Innsbruck	14.37 14.44	<b>Cardiopulmonary Bypass Assisted Surgery during Pregnancy</b> G. Dalshaug, Saskatoon		
15.15 15.30	<b>Should TAVI be Performed in Intermediate Risk Patients?</b> G. Delle-Karth, Vienna	15.25 15.35	<b>Cluster Headache and the Heart</b> M. Yahalom, Afula	15.00 15.15	<b>Tricuspid Valve—An Overview from a Surgical Aspect</b> Choi-Keung Ng, Innsbruck	14.44 14.51	<b>Lung Cancer Associated Tumor Thrombosis</b> S.J.L. Quek, Singapore		

15.30 15.45	<b>Lotus: A New Generation of Transcatheter Valve</b> P. Hájek, Prague	15.35 15.45	<b>Endovascular Revascularization of Arch Arteries</b> S. Tyagi, New Delhi	15.15 15.30	<b>Outcomes of STEMI in a Regional STEMI Network in a Developing Country</b> S. Dharma, Jakarta	14.51 14.58	<b>Hyperhomocysteinemia in Arterial &amp; Venous Thrombosis</b> Gao Mingqi, Singapore	
						14.58 15.05	<b>May-Thurner Syndrome</b> Z. Yuhan, Singapore	
15.45 16.00	<b>Simultaneous Transcatheter Aortic Valve Implantation and Left Atrial Appendage Occlusion</b> R. Binder, Wels	15.45 15.55	<b>Post-Traumatic Pseudoaneurysm of the Limbs</b> CANCELLED	Discussion		15.05 15.12	<b>Antiphospholipid Syndrome &amp; Severe Thrombocytopenia</b> R. M. Govind, Singapore	
				15.45 16.15	<b>ICA YOUNG INVESTIGATORS AWARD COMPETITION</b> <i>Lecture Hall 1</i>			
Discussion		15.55 16.05	<b>Stress Induced Cardiomyopathy</b> T. Tak, Rochester	<b>Moderators:</b> O. Pachinger, Innsbruck R. Sharma, Detroit		Discussion		
				15.45 15.55	<b>Evaluation of Experience with Lower Extremity Arterial Injuries</b> C.F. Tanga, Columbus	15.30 16.30	<b>MODERATED POSTER SESSION 2</b> <i>Lecture Hall 2</i>	
				15.55 16.05	<b>Near-Infrared Spectroscopy Analysis of Carotid Artery Plaque</b> C. Štěchovský, Prague	<b>Moderator:</b> I. Dakota, Jakarta S. Saha, Lexington		
						15.30 15.37	<b>Endovascular Repair for Aortic Aneurysms</b> T. Baba, Tokyo	
						15.37 15.44	<b>Branch Endovascular Aneurysm Repair</b> K. Maeda, Tokyo	
						15.44 15.51	<b>Closure of Tears by Amplatzer Vascular Plug II</b> M. Hara, Tokyo	
						15.51 15.58	<b>Treatment for Isolated Superior Mesenteric Artery Dissection</b> M. Momose, Tokyo	
						15.58 16.05	<b>Elastic Compression Add-On Therapy</b> E. Imbalzano, Messina	
						16.05 16.12	<b>Buerger's Disease in Women</b> V. Chadachan, Singapore	
						16.12 16.19	<b>Bigger is no Longer Better in the Era of New Generation Drug-Eluting Stents</b> K. Shirai, Fukuoka	
					Discussion			
16.00 16.15	<b>COFFEE BREAK</b> <i>Exhibition Hall</i>			16.15 16.30	<b>COFFEE BREAK</b> <i>Exhibition Hall</i>			
16.15 16.45	<b>Prof. John B. Chang Memorial Lecture</b> <i>Lecture Hall 1</i>			16.30 17.00	<b>Dr. Lucy J. Chang Special Lecture</b> <i>Lecture Hall 1</i>			
<b>Endovascular Repair of Arch Aneurysms</b> T. Ohki, Tokyo				<b>Recipient Criteria of Graft Failure in Kidney Transplantation</b> E. Molmenti, Manhasset				
				17.00 17.30	<b>SPECIAL LECTURE</b>			
				<b>Thoracic Aortic Aneurysm: Reading the Enemy's Playbook</b> J. Elefteriades, New Haven				

END OF SCIENTIFIC PROGRAM
