Annual Easter Egg Hunt

Thank you to everyone that contributed to making this a wonderful event and a Happy Easter!

Kelleys Island Police Department

Well it’s May 2018 and people are headed to the island. Welcome!!

Just some items to consider as people arrive around the block. Thank You for Your participation in or observe the Virtual Firearms training class. This is open to the public so please come to a complete stop.

Lastly, the island does have stop signs so, you must have a driver’s license to operate any golf cart on the roadways. The 1-mile Fun Run will begin at noon past the trailer park and back to Memorial Park. The 5-K will proceed west on Lakeshore Dr., a little north on Division St., around Titus Rd. to W. Lakeshore Dr. and head back to Memorial Park. All races will be led by police cruiser and followed by a couple of golf carts. The 1-mile Fun Run will begin at noon at Division St. and Lakeshore Dr. and go around the block. Thank You for Your Consideration.

Kelleys Island Chamber of Commerce

From the Mayor's Desk

Welcome to all that braved the wrath of a real scary Nor’easter. It is always nice to see old friends and heartwarming to witness the enthusiasm in being “home” again.

With this storm came quite a few challenges. High water, downed tree limbs, debris washed ashore, putting up road closed and caution barriers and a vehicle from a drainage ditch. My congratulations go out to Bobby Skeans for performing all of the aforementioned during this rather hectic time.

The following are a few of the events and projects that I feel are worth noting:

The Village received a 1.6 acre parcel of property donated by the Del la Port Family which is located on the Northeast corner of Monagan and Cardinal. Cardinal is the road that runs from Monagan east to the airport terminal. At this time there are no specific plans for it’s use.

On April 17th, the EPA performed an audit on our Water Treatment Plant to determine the status toward completion of the plant’s 2018 project list. The EPA officials performing the audit were Jill, Schiefer, Environmental Specialist, and Paul Brock, P.E. Engineering Supervisor. Although there were many areas that were reviewed the following are the projects that were identified as priority for completion in 2018.

The three filtration tanks need drained, cleaned, painted and recharged with new filtration media.

Installation of four new turidity meters on each filter and combined with effluent meters.

The completion of replacing the remaining non-functioning fire hydrants.

Installation of a new Master Panel that interfaces with three filtration tanks.

Begin preparation of an Asset Management Program that is required to be submitted to the EPA by October 1, 2018.

At the close of the meeting, Jill and Paul expressed to me how impressed they were with the progress that Brandon Evans, Scott Krzynowek and Tom Lange have made in turning around the plant from the poor state it was in back in 2015. 2015 was the year where a decision was made to hire an outside company to manage and operate the facility.

The result of this decision was just short of a disaster.

The result of this decision was just short of a disaster.

Scott Stevenson, our Village Administrator, resigned his position, effective March 16, 2018, citing family matters for his resignation. Scott had held this position since September of 2011 and during this period he made many beneficial contributions to the island.

Attention: All Residents and Visitors Road Closure

Kelleys Island 5 & 10K Run / Walk Sunday, June 3 10:45 – 1:00 PM

On Sunday, June 3 from 10:45 – 1:00 p.m., the roads which are being used for the race route will be closed to all through traffic. Please be sure to plan any travel for before or after the race. Please be sure to inform renters and visitors of the road closure. Exceptions will be made ONLY for mass and emergencies.

Please be courteous to our runners, this is a great event. Please take theirs and others safety into consideration.

The race will begin just before the Kelleys Island Ferry Boat entrance at 10:45. The 5-K will proceed west on Lakeshore Dr., a little inside the block before coming back to Division St. Runners will then proceed north on Division St. around Titus Rd. to W. Lakeshore Dr. and head back to Memorial Park. All races will be led by police cruiser and followed by a couple of golf carts. The 1-mile Fun Run will begin at noon at Division St. and Lakeshore Dr. and go around the block. Thank You for Your Consideration.

Kelleys Island Chamber of Commerce
From the Mayor's Desk

We are currently in the process of evaluating four resumes that were received as a result of posting the job opening.

For the last three seasons the Kelleys Island State Park has not had a Park Ranger. This absence has required our police force to have 100% coverage of the park enforcement without any compensation. Our Safety Committee comprised of Mike Feyedelem and Eric Longbrake set out to select someone to fill this position and correct it they did. We now have a Park Ranger assigned to the park.

Over the last eighteen months, I have been writing about the telecommunications tower that is to be constructed at the Transfer Station to which progress has been made at a snail’s pace. The last piece in the puzzle to receive FCC licensing has been addressed and licensing will be forth coming. The rent from the tower owner along with co-shovel of dirt is lifted, the rent for the tower will be forthcoming. The construction in late August or early September. Once the first tenant is confirmed by the end of July.....yes, of 2018. This, as with any government program, will take some time to realize but, at least they will be providing on a quarterly basis. This replaces the unit that has been on loan to the Village for almost ten years from the St. Vincent Medical Center. The island now has two great units that the EMS folks can call their own. Our Streets and Sidewalks committee which is comprised of Chairman Eric Longbrake and Councilwoman Pat Seeholzer will be working with CT Consultants to secure funding to have Division Street repaved utilizing federal funds. This, as with any government program, will take some time to realize but, at least they will be getting the ball rolling.

At the March 10th Council meeting, Council voted to create a new committee that is entitled, TODC; Telecommunications Oversight and Development Committee. The mission of this committee is to improve the current island broadband and cell phone networks. Joe Wolfe will be Chairman and Councilman Eric Longbrake will lead this charge. Assist in this effort will be Steve Merkle, Richard (Digger) Schwartz and Bill Minshall. Joe Wolfe will be Chairman and Councilman Eric Longbrake will lead this charge. Assistance in this effort will be Steve Merkle, Richard (Digger) Schwartz and Bill Minshall.

To keep tabs on the committee’s progress go to https://joewolfe183.wixsite.com/telecommunications. Best regards, Mayor Cooper

Continued from page 1

The KIHA Museum, Gift Shop & Parsonage Resale Shop

Opening Day – The big day is May 19 in celebration of International Museum Day. We will be open weekend hours until June 10 then open special hours on opening day from 10-4 and our regular hours 12-4 on Sunday. If you haven’t visited the museum recently, this is a great opportunity. We will have a special gift for young children who visit.

This Year’s Displays – We thank Sonia Taylor for doing a display on the bathing beauties of Kelleys Island [c1950’s] and Leslie has put together a history of electricity on the Island (with a lot of help from HW Electric).

The Gift Shop – We have been busy sprucing up the Gift Shop at the History Museum. Be sure to check out all our new items for 2018...books, postcards, posters and gifts on Ki history, the Great Lakes, the animal and nature lover and fun educational items for kids too. New this year we have a limited selection of heirloom seeds for planting in your garden and small potted herbs for sale!

Want To Volunteer? We look forward to seeing our returning volunteers. Their knowledge and dedication to this organization is very much appreciated. We are always looking for more volunteers, so please let us know if you can help us out by doing a two hour shift once a week in either the gift shop or the resell shop.

The Parsonage Resell Shop - Restoration and repairs are continuing at the Old Stone Church and the Parsonage Resell Shop next door which opened late last season. We are expecting a busy year when all our fans return and you can volunteer there too. This is the best place to shop for that item that has eluded you; from missing china to end tables, collectibles to fine glassware and, books to toys – and the best part is that the stock changes almost daily. Because items go so fast, we are always looking for donations of any household items and furniture that are no longer needed. Please give us a call or email us and we will arrange to meet you at the Parsonage when you deliver your items or we can make arrangements for pick up. This is particularly helpful if someone is moving out (we can help empty the house) or moving in (get what you need here). Right now we are braying at the seams with inventory so watch for the open sign in the yard so we will likely be open even more hours than last year.

If it is out there, you can come in. Shop here for Birthday, Mother’s and Father’s Day gifts. www.KelleysIslandHistorical.org, Facebook: Kelleys Island History Museum

Shop at the History Museum. Be sure to check out all our current faded signs which will also include more information regarding the history of the grooves. The Island now has two great units that the EMS folks can call their own.

The island now has two great units that the EMS folks can call their own.
Ohio Craft Beer Week

Do you know there are over 240 breweries in Ohio? Our state is producing some of the best craft beer in the country and this summer our island establishments will be showcasing some of these brewers during the Ohio Craft Beer Week on Kelleys Island from June 9th through the 16th. There will be tastings, tap takeovers, food pairings, and live entertainment all week long. Kelleys Island will be featuring breweries big and small from Cleveland to Cincinnati and all points in between. Visit Caddy Shack & Buckeye Bar event page on Facebook for a listing of events and times and please make plans to join us for a weekend, a quick day trip or maybe even the entire week and taste what Ohio and Kelleys Island has to offer.

Bret

Kelleys Island Audubon Happenings

Judy Dushane

“Nest with the Birds” will take place May 17-20th. This year the bird banding at Long Point will be on Sunday, May 20th not Saturday as in the past. Bird walks will be held on both Friday, May 18 and Saturday, May 19th. Meet at 8:00 a.m. at the school. There will also be a bird walk Sunday at 10:00 a.m. at Long Point.

The event will kick off with a program by John Pogacnik, biologist with Lake Metroparks, on “Sparrows of Ohio”. It will be held at the Kelleys Island school with a potluck at 6:00 p.m. followed by a short meeting and the program at 7:00 p.m.

Members should have received renewal letters by now. All are welcome to attend any Audubon programs. For further information see the website at www/kelleysislandnature.com or call President Pat Hayes at 419-746-2258.

Stronger Together

Sharon A. Devine, paramedic

Safety Forces Day, Saturday, May 19th, weather permitting.
EMS Week May 20 – 26th: This year’s theme is: EMS Strong, Stronger Together. The EMS Strong campaign seeks to celebrate, unify and inspire the men and women of our nation’s emergency medical services.
EMS Strong is what draws a special few together to do incredibly important work, often under difficult circumstances, and many times with little thanks.
EMS Strong is the willingness to keep learning and growing, as an individual and as part of a profession that’s evolving into a true partner in the healthcare continuum.
Take time out of your busy schedule to thank the volunteers that make Kelleys Island EMS an important and strong part of your community. Come by the EMS Station and see first-hand what is available to the residents and visitors of this island.
If you are interested in becoming involved with Kelleys Island EMS, please speak with any member of Kelleys Island EMS or call the non-emergency number for information: 419-503-0599.
In 1988 (which was thirty years ago) things were different here on our island. I had just graduated from college (USF), finally, and dad gave me our first loan for a ten table breakfast and lunch café next to the Neuman’s Ferry which ran daily until 6:30 and on the weekends until 9:30. Our main market after the last ferry was the campground, any people on boats that came to tour the island, and people lucky enough to be able to find a place to stay. That was the biggest problem on the island then, it really was. The biggest entertainment was softball and travelling to a game was an enormous privilege. Home games were just... community at its best.

That same year, dad had bought two trams from Bob Gruly (that George had built, I believe) that we ran after breakfast. They went to the Kelleys Island State Park, the wine tasting room, downtown and the ferry dock. We gave tours and ran a shuttle. At that time, ‘downtown’ was not what it is now, it was not a public port, nor was there a CaddyShack Square or a few other things.

Our first customers at the Island Café for breakfast in May of 1988 were my island family friends (thank goodness). The Ahner clan, which included Gall and Paul Mack and some other notorious island characters came to witness a great disaster. I was nervous and well I should have been. I learned about over cooked eggs that day and ‘lace curtains’ which Danny explained was the appearance of distortion on the outer edges of the egg white that was overcooked. He pointed out a few things in the kitchen, and this was the first day of a business I have been learning from ever since. Doug (my husband) was a camper at the time and he says he remembers coming in for breakfast for $2.99 for eggs, toast and potatoes.

Our ice cream business was still going strong, as soft serve cones and products were still miles ahead of craft beer for the family travel market. Our foods were tasty and we began to grow. Friends became employees and employees became friends. Our family business has known hundreds of employees and thousands of customers since 1960 and 1988. The friends we had, and the ones we have, are profoundly responsible for empowering us to live this American Dream.

At this time, the family had a golf cart, tour / taxi, and bicycle business along with a small restaurant. It enabled us to live our summer lives on the best place on Earth. The eggs, potatoes, eggs and toast has evolved over the last 30 years, as has our building and our outside has also. This year will be no different. In our 30th year, we will be serving breakfast with a lot of surprises. We will have our classic hash brown heaven and hades along with our famous two egg breakfast and Belgian Liege waffles with candy sugar. Roast beef hash is making a comeback as well as some late day breakfast items.

In May, we will be having Derby Day and Mother’s Day weekend specials, and in June, we will be participating in the Ohio Craft Beer Week activities with the local and CaddyShack that will include daily activities including visits from Ohio Hops in Castalia, and Mid-Ohio Brew in Sandusky. There will be fun events (please check Facebook) and there will be games each day for BEER GEAR prizes. ‘90’s Trivia and Beer Bingo will be our new entertainment and check our site or just stop down for times and other planned fun.

Our flagship beers, Anniversary, Island Devil, Dawg Bizkit Brown, Devils Shadow, Gale Force Ale, the Finisher and Dockhand Porter will be available by the growler again this year and pouring through fresh taps. Bring in your best growlers for revolving contests all season.

We thank you for whatever part you played in our labor of love. For all of our lifetime multigenerational customers and friends, along with our new found loves, thank you from our hearts. We look forward to 2018. Come say hi to Jay and get ready to see him walking on his route.

Patti Johnson-Muranyi

Kelleys Island Brewery News
Thirty years: A Labor of Love

Kelleys Life
The Kelleys Island Fitness Center is located in the Kelleys Island School gymnasium. It is available for access from 7am to 9pm, 7 days a week. To qualify for a free card you must be 18 years old, own property on Kelleys Island or be a resident of Kelleys Island. Cards can be obtained by contacting Superintendent Phil Thiede philthiede@kelleys.k12.oh.us.

The fitness equipment is provided with funds from the Kelleys Island School and is intended to provide fitness and recreational opportunities to the community of Kelleys Island. Individuals participate at their own risk and assume responsibility for their own health and safety.

A new piece of equipment has been added: The VTX dumb bells by Troy are housed on a new weight rack near the current Universal and Bodycraft weight machines. The Universal and Bodycraft machines have instructions for use on the machines. The instructional charts for the dumb bells will be added soon. Please use all equipment at your own risk. Keep personal, and others, safety a priority.

Other equipment in the fitness area include, an airdyne bicycle, 2 recumbent bikes, 3 treadmills, an elliptical trainer, strength bands, basketballs, pickleball nets and rackets, volleyballs. Two large screen TV's are mounted for easy viewing and listening during your exercise.

Watch the Kelleys Island School sign for times for free fitness classes.

**Free Fall Prevention Home Improvements**

Serving Our Seniors is working with the Erie County Health Department to make available to Erie County residents, living on Kelleys Island, free equipment such as: Bath benches, shower chairs, raised toilet seats, and grab bars. Serving Our Seniors & The Erie County Health Department are also funding the cost of having Serving Our Seniors’ “Handyman” install these items, free of charge, in the month of June. The specific date for installation is to be determined.

To qualify, the person who owns the home must be age 60 or better and living in the home. The request for fall prevention equipment and its installation can only be acted by speaking with the owner of the home.

Requests must be received by May 31, 2018. For more information call 419-624-1856. Ask to speak with a Senior Advocate Assistant.

Serving Our Seniors is a not-for-profit, geriatric social service agency, that advocates for Erie County residents ages 60+ to continue healthy living and maintain their ability to live independently.
Congratulations Kyle & Jessi Joyce

Proud parents Kyle and Jessi Joyce announce the birth of Augustus “Gus” Virgil Joyce, born on April 11, 2018. He is pictured here with his parents and sister Aubrey. Gus is the Grandson of Twila and Tony Joyce.

Congratulations Collin-Nunn Strassner

Congratulations to Collin-Nunn Strassner on your graduation May 20, 2018 with honors from Danbury High School and completing the Criminal Justice Career Choice at Ehove Career Center.

Your success is determined by how far you want to reach. Good luck.

Kelleys Island Soap Company

On April 7, 2018, the Kelleys Island Soap Company officially launched its product line of soaps and bath bombs, handmade from scratch and inspired by life on the Island. They currently sell their products at Chicker’s Closet and on-line at kelleysislandsoap.com. A new shop in Marblehead, Old Blues Lakehouse, will also carry their products when the store opens in May. Following is a Q&A with this island entrepreneur. So just who are the people behind the Kelleys Island Soap Company?

We are a women-owned business with three partners, Rebecca Bennett, Monica Sisian, and Colleen Zettler. Our families have long histories on the island. Rebecca has been coming to the island with her family since she was born, and traveled her family’s connection to the island to the late 1940’s, when her Uncle Ed Frindt’s mother worked in the kitchen at a camp that is now Camp Patmos. Rebecca and her husband Mark have a cottage on Woodford and are part of the Island Singers. Colleen is the wife of Omar Zettler, whose parents Toby and Nora Zettler founded the Kelleys Island Wine Company, which is now owned by Omar’s brother and sister-in-law, Kit and Robby, and managed by his niece Abbey. Monica’s connection to the island is through Dan Hazan, who founded and operates www.kelleysisland.com (and also happens to be Rebecca’s first cousin on her mother’s side). It’s a typical island story of connectedness.

Why did you decide to sell soap?

The Island holds a special place in each of our hearts and minds. It is where we come to relax, unwind, and recharge our batteries. Life is simpler here, and our connections and experiences with our family and friends are stronger here. We wanted to do something to give that same “happy place” feeling to you even if you’re not on the Island. We want to help change your mindset. Every evening (hopefully!), each of us have that one private time in the sanctuary of our shower or bath. Rather than fretting over your to-do list, the latest injustice your boss has committed, or the pain in your left shoulder, wouldn’t it be nice to alter your mindset and focus on gratitude and happiness? That’s what we want to do. With the smooth feel of the soap, the clean scents, and your thoughts focused on a story or meditation, we want you to leave your shower feeling inspired rather than stressed. Each of our soaps comes with a story or thought that inspired the soap on the back of the label. Each of our bath bombs come with a “bath meditation” to help you declutter your mind and let go.

For example, our Front Porch Lavender Soap was inspired by an afternoon of wine and knitting that Colleen shared with her late mother-in-law Nora on the porch of Toby and Nora’s lakefront cottage. Our North Shore Trail Soap was inspired by the woody scents of a hike on the North Shore Trail Loop. What do you mean by “clean soap?”

We wanted all of our soaps to be clean and safe for your body and our water system. We don’t use synthetic dyes or fragrances that can irritate skin. We don’t use phthalates, parabens, or triclosan, which have been associated with environmentally-related health conditions, such as cancer, infertility, and autism. We don’t use palm oil, because it cannot be sustainably sourced. We don’t use phosphates or sulphates, because they alter the nutrient composition of the Lake, causing increases in phosphorous, which contribute to the algal bloom.

You say that you want to protect and promote clean water. How are you going to do that?

This is really important to us. We are surrounded by one of the greatest assets on Earth: 3 trillion gallons of fresh water. This is the water we drink with, swim in, and fish from. As the toxic summer algal bloom in the Western Basin of Lake Erie inches closer to the island every July, we want to do something about it.

We wanted this business to make a difference in protecting the Lake. We plan to do this by (1) we won’t put anything in our soap that shouldn’t go in our Lake; (2) a portion of the profit from the sale of our soap goes causes that promote clean water; and (3) we are developing biodegradable products that will help make the Lake healthy.

Are you the only island soap maker?

No. Our friend Natalia Skees makes soap, too. She makes charming glycerin soaps embedded with a shape of the Island. Rebecca has them in her guest bathroom at her cottage. She makes lotions and other products that has recently introduced spa soaps. We want to, celebrate our local traditions, and encourage everyone to buy their products! We are partnering with local maker and musician Steve Browne who has created for our company beautiful hand-made cedar soap decks, emblazoned with the island silhouette. We want to collaborate with other local artisans.

Do you make your soap on the island?

Yes and no. Over the winter, we make some of our products on the mainland, and for now, we are shipping from the mainland for orders from our website to reduce shipping costs for our customers. Our dreams is to open a shop on the Island where we can demonstrate on premises how we make our soap from scratch, using fresh, natural ingredients.

The Kelleys Island Chamber of Commerce is looking forward to the 2018 season! Our winter months have been spent recruiting, planning, preparing and advertising. We look forward to providing our community with a fun and prosperous season!

The annual event calendar has been reprinted to include new events and corrections. It can be easily identified by its ivory color paper. The 2018 Kelles Island Chamber of Commerce map has been printed and distributed. A printable version can be found on our website.

The Kelleys Island Chamber of Commerce would like to remind everyone that you can become a member at any time. There is no discount offered for late membership, however you will still be provided with many great benefits at a great price. As a Full Member, you will have a page on our website under your business category. If you are tech savvy, we will sign you up for an account which allows you to access and change your page as often as you would like. For those who are not technically minded, we can build the page upon receipt of a link from your own site or a completed website information page and your high resolution photos.

During the winter months, we feature our lodging members on the Kelleys Island Chamber of Commerce Facebook page. In April, we begin to share Chamber events and posts from all of our member’s Facebook pages. The Kelleys Island Chamber of Commerce phone is answered year-round. We assist callers by answering questions regarding our members as well as general information concerning the island. We also forward information upon request.

Associate Memberships are offered to off-island businesses who benefit from our referrals. The business base on Kelleys Island is tiny compared to other areas. Associate members are vital to sustaining our organization. Associate members have a page on our website under the category of Island Services. This year, we will be providing Facebook posts for our Associate members as well. Both Full members and Associate members are encouraged to place literature in our office.

Island residents who are seeking products and services are encouraged to call the Kelleys Island Chamber of Commerce. Whether you are interested in getting your house repainted or refinanced, we have numerous Associate Members who can help. Simply give us a call, and we will recommend a trusted business partner who not only services the area, but supports the local community.

The Kelleys Island Chamber of Commerce has committed to an impressive amount of advertising to promote our island businesses in the 2018 season. We are a non-profit organization. All proceeds are put back into promoting Kelleys Island and the organization. All proceeds are put back into promoting Kelleys Island and the organization. All proceeds are put back into promoting Kelleys Island and the organization. This is done through promoting annual events, operating the KICC office, maintaining year-round phone and email correspondence, and most importantly, advertising.

As a Full Member, you are contributing to getting the most beneficial advertising for the money we have budgeted. The KICC has advertised this year with the following publications: Kelleys Life Newspaper, Lake Erie Shores & Islands Travel Guide, Ohio Tourism Travel Guide, Lake Erie Living Travel Guide, Lake Erie Shores & Islands Event Calendar, Travel Shows in Columbus, Cincinnati, Osh Kosh, Indianapolis and Pittsburgh. Portside Marina distributed our information at the Cleveland Boat Show. Island Fest has an enhanced listing in the Ohio Tourism Spring/Summer Calendar of Events. Our annual events are listed in the Country Living Magazine / HWE, Ohio.org, and other free online listings. The North Coast Tourism Journal features an article about our Chamber in their June issue and again in January, each year.

The Chamber of Commerce has scheduled an event/gathering for the community and business owners of Kelleys Island. Everyone is invited to attend this event and meet with our board members and business members. The Derby Day event will be held on Sunday, May 6, 2018, 11:30 a.m., at the Kelleys Island Wine Co. Beverages and appetizers will be provided.

Please check the Kelleys Island Chamber of Commerce website or Facebook page for details.

We are now accepting donations / sponsorships for our annual events. One of the first events of the year is the Annual S & I 10K Run / Walk on June 11. Donations of $100 or more will be listed on the back of the t-shirt.

Please turn to page 14
Leaving Kelleys Island for the winter was not a vacation this year thanks to Hurricane Harvey (a Category 4 Hurricane). Harvey sat on Eastern Texas from August 25 to 29, 2017 dumping rain 24 hours a day. A Perfect Storm was created by two low pressure systems held in place by a strong high pressure system. The storm was pushed out in to the Gulf of Mexico by the high pressure system and made landfall two more times making the rain a 1 in 1000 year event. There were 88 deaths caused by the storm. Orange, Texas along with Beaumont, Vidor, and the rest of Orange county had several feet (not inches) of rain over a 5 day period. That included over a year’s normal rain fall in 3 days. There were 19 water systems shut down by the storm and 31 waste water treatment plants and thousands of septic tanks flooded, so the flood water included raw sewage. The water flooded an area the size of the state of New Jersey. The streets and homes were flooded with anywhere from 3 inches of water to over 10 feet of water. The average depth of water for the region was 18 inches. The weight of the water depressed the earth’s crust 2 cm. After the flood water receded the ground rebounded 2 cm.

Carol’s family’s house had two feet of water flooding the first floor. Most houses in the area are only a single floor. Because the water table is so high there are no basements in the area. Carol went to Texas in September to help her 92 year old father as soon as the water receded. The family had to gut the entire first floor: carpet, dry wall to the brick, most furniture, counters and shelving, doors, and most appliances. The first floor electrical boxes and wiring needed replaced and all of the plumbing on the first floor. The upstairs became the living area for the next 6 months. After removing all of the flood damaged items the house needed to be dried with dehumidifiers. After the walls and floors were dried they needed treated with anti-fungal compounds and pesticides to prevent, mold, termite, and roach infestations. The house had to be vacated for a couple of weeks after the chemicals were applied to the walls and floors until they dried and the odor diminished. The insulation was replaced in the walls and dry wall was hung after the electrical wiring and...
Studying KI Need for Transportation to Health Care Appointments

In the fall of 2017, a resident of Kelleys Island asked if Serving Our Seniors could do anything to help the senior citizens living on Kelleys Island, with making it more affordable for those with serious/life threatening conditions to get to their health care appointments for treatment.

Before Serving Our Seniors can address a problem, we first need to understand the magnitude of the problem and the associated costs. To do this, a survey was mailed out to 94 senior citizen addresses, who are residents on Kelleys Island. Only 15 were completed and returned.

Serving Our Seniors would like to make sure that we reached as many senior citizen residents, who own property and actually live on Kelleys Island for 6 or more months per year. If you fit this description and did not receive this survey, please call 419-624-1856 or e-mail mail@servingourseniors.org and request one.

Here is what we have learned as of today……

Three (3) surveys, representing three people, report that they do not leave the island for routine health care. One of those subjects lives on the island 12 months per year, one lives on the Island 8 months per year and the other lives on the island 6 months per year.

Seven (7) of the surveys, representing 10 senior citizens, report that they do leave the island for routine health services. None of the services are for serious or life threatening conditions. Six (6) live on the island for 12 months per year and one lives on Kelleys Island for 6 months.

Five (5) of the 15 (33%) surveys, which represent 7 senior citizens, report that they do leave Kelleys Island to access health services to treat serious or life-threatening conditions, which do not require emergency attention.

Five (5) surveys reported they were not aware that Serving Our Seniors currently provides transportation for Kelleys Island senior citizens to health care appointments. Of the 15 surveys stated that they do know Serving Our Seniors is able to pick up Kelleys Island senior citizens at Kelleys Island Ferry Service in Marblehead or at the Port Clinton airport and transport them to a health care appointment and back.

Two surveys reported using Serving Our Seniors Out of Town Transportation Service to health care appointments. Our services are limited to helping those who are able to function without the assistance of a caregiver/personal attendant; and destinations are inside the State of Ohio.

In the winter months, when the Ferry is not operating, 6 of the 7 surveys, who do not have life threatening illnesses use the airport to get to health care appointments in the colder months. All 5 surveys that report one individual is living with a life threatening illness, do fly off of the island to access health care services in the colder months.

The frequency of the trips are as follows:

- 3 times per week and lives on Kelleys Island 12 months per year
- 3 responded: 1 time per week and lives on Kelleys Island 12 months per year
- 1 time every 60 days and lives on Kelleys Island 12 months per year

We are continuing to study the extent of the need for affordable transportation off of Kelleys Island, for the purposes of getting health care treatment for serious/life threatening conditions. If you are age 60+, a resident of Kelleys Island and did not receive the survey entitled, Kelleys Island Resident Survey on Transportation Needs please contact our office at 419-624-1856 or mail@servingourseniors.org and request the survey.

Q: Can Serving Our Seniors help me understand my Medicare coverage?
A: Yes. You can call our office and ask for an appointment to speak with a Medicare Counselor. The Medicare counselor will call you back and you can ask any questions you are in need of answers; or possibly arrange an appointment by using Skype. If there is enough interest, we can arrange for the Medicare Counselors to come to Kelleys Island. We do not sell insurances. The Medicare Counselors are consumer advocates. We do not care who you buy your insurance from or what Medicare insurance product you buy. We simply want to make sure you know what it is you are purchasing and you understand what you are getting in return for the price you are paying.

Serving Our Seniors is a private, not-for-profit, geriatric social service that advocates for the ability of Erie County senior citizens, Sue Daugherty, Director Serving Our Seniors 310 E. Boalt Street, Sandusky, OH 44870 419-624-8173    Fax: 419-624-8176 www.ServingOurSeniors.org
Kelleys Life boxes were replaced. The drywall was then painted and house was vacated after the paint dried. The repairs were begun in September and finally completed in March after only seven months. Then little items including replacing the doors, locks, shelves, light fixtures, and insulation for doors were completed. It was an interesting fall and winter.

Carrol and I took a break from dealing with sub-contractors that spoke no English and making repairs and headed to “The Valley” for a week. The Rio Grande Valley was cool this year and one day we were in Mexico it was only 60 degrees F. The natives were all dressed like they were in the Alaska. There had been an incident the week before we arrived in Mexico where two drug cartels were shooting at each other in a border town. The Federal government sent armed military vehicles to the area. We saw military vehicles with 30 caliber and 50 caliber weapons patrolling the streets. The vehicles were a welcome sight because the military presence kept the cartels out of town and left the businesses and tourists relative safety. It makes you appreciate our own country and why it might be a good idea to protect our borders from this type of anarchy.

We celebrated spring with a ritual, —The Crawfish Boil! East Texas and West Louisiana have crawfish boils to welcome spring. Every family has a secret recipe....and every family’s recipe is better than every other family’s. You need a large pot to boil crawfish (they are large crayfish) with very, very hot spices, corn on the cob, and red potatoes. Most people eat a hundred or more at one meal. Since I am allergic to the spices, I ate red potatoes—boiled separately without spices, watermelon, and hamburgers. I was happy to let everyone else enjoy them.

Spring arrived so it was time to return back north. I decided to take a side trip to Waco on my way to Ohio. Baylor University’s campus is in Waco along the Brazos River. On the shore of the river next to the campus is the Texas Ranger Hall of Fame and Museum. I toured the museum and learned some history of the Texas Rangers. The Rangers started as a military unit during the Texas revolution and became the first law enforcement body in Texas after Texas gained independence from Mexico. Today the Rangers are a group of highly trained investigators similar to Ohio’s Bureau of Criminal Identification and Investigation. There is a wall in the Museum where law enforcement agencies are welcomed to post their uniform patches. There now is a Kelleys Island Police Department patch on the wall. The museum workers asked where the island is located. They are not familiar with the Great Lakes or Lake Erie so they did not know Ohio had any islands. They did not realize that Ohio borders Canada and the islands are surrounded with ice in the winter. Most Texans cannot imagine that much ice since most of Texas rarely sees snow and ice in any quantity. I drove through a Nor’ester in blizzard conditions in Tennessee and Kentucky on my way to Ohio so I had a refresher course on winter driving in the mountains.

What I Did This Winter! continued from page 11

Springtime Allergies: Nip them in the bud

If you are one of the millions of people who have seasonal allergies, it’s time to think prevention. Eliminating the allergens that cause the symptoms can make a big difference. While it may be impossible to avoid all of the things that trigger your symptoms, you can still take steps to reduce your exposure to them.

• Stay indoors on dry, windy days. It’s best to go outside after a good rain and before a strong wind can help disperse pollen from the air.
• High pollen counts are forecasted, start taking allergy medications before your symptoms set in.
• Avoid outdoor activities in the early morning when pollen counts are highest.
• Use the air conditioning in your house and car.
• Keep indoor air dry with a dehumidifier.

Try Our Convenient drive-thru pharmacy

We offer FREE delivery on Monday, Wednesday and Friday and for our snowbirds we mail for free anywhere in the United States.

No Appointment Necessary - Walk-ins Welcome

We offer FREE delivery on Monday, Wednesday and Friday and for our snowbirds we mail for free anywhere in the United States.
Kelleys Island Chamber of Commerce

Donations of $1000 or more will have their logo on the back of the race t-shirt. If you or anyone you know is interested, please contact our office as soon as possible. Those donations / sponsorships are used to cover the cost of the race expenses including: t-shirts, medals, chip timing, water, registration forms, advertising, etc... Raising the funds to cover expenses allows us to provide a professional and enjoyable event. It also enables Kelleys Island Chamber of Commerce to contribute to other charitable organizations and our community.

The 36th Annual 5k 10K Run/Walk is one of the first KICC event of the season. This is a fun event that may bring many members of the community are involved with. If you would like to participate in or volunteer for this event, please contact the KICC office. Volunteers are needed to assist with traffic, hand out bibs, follow runners with golf carts and assist in the park with registration and garbage. We are also accepting donations of bottled water for the runners and cash to cover event expenses. Pre-registration for the race can be submitted and paid online at www.kelleysislandchamber.com.

Please note that pre-registration will close one week prior to the event.

Sponsorship is currently down for the 5 & 10K Races. Last year the Chamber was able to donate $1000.00 to Back to the Wild. Please consider becoming a part of this worthwhile fundraiser! Sponsorship forms are located on the Chamber website under the event listing for the 10K. Donations are also accepted via Paypal.

The all new Kelly Miller Circus, under new ownership, will be coming to Kelleys Island on August 6th and 7th, 2018. Three shows are planned, beginning at 4:00 pm and 7:00 pm on Monday, August 6th and 4:00 pm on Tuesday, August 7th. Island Fest 2018 will be held on July 13 – 15. The parade theme: “Dog Days of Summer”. Island Fest will feature a unique variety of craft / artisan vendors, food and beer booths, an excellent entertainment line-up and a fantastic fireworks display. Look for your fireworks sponsorship letters to be arriving in early May. Please keep in mind, the annual fireworks display is a community sponsored event. The size of the show depends solely on generous donations for our island community! Donations are also accepted via Paypal. 2018 marks the 80th year of touring and the 2018 show will be the creating an all-new show for this year. They will be featuring beautifully themed acts from around the world, which are fast-paced, unique, funny and totally entertaining. The Kelly Miller Circus has always been known for providing exceptional family entertainment and the 2018 show will be no exception. For this year’s 80th anniversary, the all-new 2018 Kelly Miller Circus season presents a more intimate atmosphere, with no one being more than 50 feet away from the action. While Kelly Miller Circus still supports circuses with exotic animals, they have chosen, this year to be exotic animal free.

Advance discounted adult tickets are $10.00. Children under the age of 2 years old are free and will be available online soon! Advance discounted tickets for Monday’s shows will be available for purchase online until 11:59 pm Sunday, August 5th. Advance discounted tickets for the show on Tuesday will be available for purchase online until 11:59 pm Monday, August 6th.

Ticket prices on show days: $8.00 for children and seniors $13.00 for adults.

The Annual Film Fest, previously hosted by Jackie Finger, will now be a Chamber of Commerce hosted event. We are appreciative to Jackie for the opportunity to expand the fundraising of our organization. Island Fest 2018 is in the works. The theme this year is, “Dog Days of Summer”. We will soon be recruiting volunteers for the Kelly Miller Circus. Please contact the KICC office to receive a volunteer application.

The KICC office also features a used book sale for a $1.00 donation per book. Proceeds benefit the Kelleys Island EMS. In the past, KICC has been able to donate $60 - $70 a season from this sale. In 2017, KICC donated $90.17.

KIC - Kelleys Island Chamber of Commerce

The next Kelleys Island Chamber of Commerce Meeting is: Wednesday, May 16 at 4:00 pm. Meetings are held at K.I. Estes School. The annual Film Fest, previously hosted by Jackie Finger, will now be a Chamber of Commerce hosted event. We are appreciative to Jackie for the opportunity to expand the fundraising of our organization. Island Fest 2018 is in the works. The theme this year is, “Dog Days of Summer”. We will soon be recruiting volunteers for the Kelly Miller Circus. Please contact the KICC office to receive a volunteer application.

Help Wanted: We are looking for someone to chair the 50/50 Island Fest Raffle. This is a volunteer position. Responsibilities include selling tickets, turning in tickets and cash to KICC on a frequent basis, and selling all tickets before the draw time. You can work alone or get your friends involved. Contact the KICC office for more information.

This 2018 season brings new business to Kelleys Island. The Kelleys Island Chamber of Commerce welcomes the following businesses:
