

## **Fairfield County Utilities Department Water Operator 1**

The Fairfield County Utilities Department is accepting applications for a Water Operator 1. This position is responsible for operating and maintaining the municipal water treatment plan by performing a variety of tasks including laboratory analysis. Duties include: monitoring and recording of supply and storage levels and pumping demands and demands on the distribution system; performing various chemical, biological and bacterial testing and analysis; monitoring and assessing correct chemical dosage for proper treatment of the raw water supply; routine maintenance of valves, pumps, piping and related equipment; and assisting with the excavation and repair of broken water mains in the distribution system.

The mission of Fairfield County is to ensure high quality services at an exceptional value to taxpayers. Successful candidates will further the mission of the Fairfield County Commissioners and provide exemplary service to the public. The successful candidate must follow county policies and exhibit a professional demeanor at all times.

Candidates for this position must have a minimum of a high school diploma or equivalent and an Ohio driver's license. A Class I Water Operator license from the Ohio EPA and a Class A CDL with tanker endorsement is also required. Individuals without these certifications will be considered but must obtain them after employment. Excellent customer service and computer skills are required.

This is a full time position with occasional on call hours. The starting salary for this position will be determined based on experience. Fairfield County offers an excellent benefits package, including paid time off, affordable health insurance and participation in the Ohio Public Employee's Retirement System.

Applicants should visit <https://mss.co.fairfield.oh.us/ESS/> to complete an online application and attach a letter of interest and resume. All applications must be submitted online. NO phone calls please.
