FROM THE EDITOR

Just got my team's card for entering into the electronic dart age that most of the leagues are beginning to turn to for the most user-friendly game reporting. Talking computer to computer across the distance from the league office to the individual bars for information on the previous night's game -what a wild concept. The only glitch is the input card. A small card that looks like a credit card and has pin connectors on one end. (I thought that it would look like an old computer deck card; you know - those stiff manila cards with all the holes in them) I am rather disappointed that it looks so compact. You cannot fold it, spindle it, mutilate it, leave it on the dashboard of your car, or keep it in your wallet, nor is it advisable to spill liquids on it. Other than my great fears that I will lose the thing, I cannot wait to try it out. Not having to call in or record the feats that I or one of my teammates half remember doing, I think, is pretty great. This way I even get called by name to the board when I play - the card keeps the team roster and prints your name on the screen underneath your score. It will be a great season, and I hope that everyone enjoys themselves and has a great season.

Please send me your feats. I'd like to begin publishing a monthly list of such things as ton 80, double bull with all three darts, white horse (three different triples), low out 301, 501, and low round cricket. I will reward one contributor by drawing one name monthly for a free issue of the Flight, Shaft & Barrel to be sent to your home. If you subscribe, the free month will be added to your subscription.

Also in this issue, on page 7, 8, is a polling for the readers so that I can better meet your needs with this publication. I know that most of you do not want to travel too far from your home, so the Flight, Shaft & Barrel will become more specific to the Pittsburgh area and not include any events more than 2 hours' drive from Pittsburgh

"POINTS" OF INTEREST

Three darts in the double bull in steel darts is a nearly impossible task. Three darts in the triple 20 is nearly impossible in electronic darts. Would not the person who studies and practices both steel and electronic have the advantage?

NEWS ITEMS

Lou Larson from Betson's Distributing was kind enough to explain to me the **Pennsylvania Amusement & Music Machine's Association \$7500 Guaranteed Payback! Classified Dart Tournament** occurring on 4-6 November 1994. The Classified Dart Tournament means that they are accepting your personal Super Spree, SPRE or APR to enter you into the division that most makes sense for your ability. Super Spree, SPRE, or APR are acronyms for various compilations of your averages done over the course of your English Mark Darts career. The vendors have this information and you should get it from them, because if you are not ranked in this manner you will be put in the A division, which is a shame if you are a C division player. They will have a list of names with the scores from the national network, but pre-registering will be

the quickest way to get into the tournaments. This system was used in New York State fairly successfully. This project should allow all types of players to compete on a more fair level of competition than at any time before.

<<<<*>>>>

The **SuperCricket Dart League**^ (SCDL) from the Harmony-Zelienople area is a steel-tipped league which will be getting started on October 3 at 8:00 p.m. with their supercricket mixed travelling handicapped league with four persons on each team. They will have an in-house scratch individual league starting on October 4 at the Harmony Inn and on October 6 at M.R.T. and will run through the winter. If you live in the area and want more information, call Lou Hancharic at (412) 452-5556. The Flight, Shaft and Barrel welcomes them to the Publication.

Coors-Light Balson Allegheny Dart League* (CLBADL) is very excited with the new cards that can report directly to the league office the scores of the games played. The cards automatically enter the names of the players on the various teams and then keeps score by calling the players up on the screen, by name, when they shoot. The main computer then calls the dart machine up the next day to get the scores, thereby eliminating the need to keep paperwork on the scores and calling the league coordinator office. **Three Rivers Electronic Darts Association*** (TREDA) is also trying this new system for the scoring of team competition.

Fun Time Electronic Dart Leagues held a family picnic for the couples and Summer League Players at the Blaine Hill Fireman's Grove in Elizabeth on the 21st of August. Winzek Catering and Mark Kapsha kept the players of the Luck of the Draw tournaments well-fed and entertained. Trophies were awarded to the top 3 ranked players in each division. Receiving trophies were:

Couples 301: 1st G.R. Verner, 2nd Jeff Sager, and 3rd Ron Dulak

Couples Cricket: 1st G.R. Verner, 2nd, Jeff Maher, and 3rd Jeff Sager

Summer 301: 1st Eddie Check, 2nd Mark Hasko, and 3rd Joe Bakewell

Ray's Bar First Tournament of Champions will be held Saturday, October 15, 1994 starting at Noon with a lunch at 12:30 p.m. - 1:30 p.m. The events will be a best of three Double Elimination¹ Chicago-style² Luck. An estimated 32 entries should be received, with Ray's Bar matching the total entrance fee. Balson's Allegheny Dart League and Coors Light will also be adding to the prize winnings. *This is a Pre-Registered event of former winners and there will be no additional entries.*

"And, for all of you dart enthusiasts who wish you could attend, keep in mind that you have to qualify to play. Our next set of qualifying tournaments will determine who will participate in our next Tournament of Champions. Keep your eyes and ears open - qualifiers will be publicized in the area's only darts publication, Flight Shaft and Barrel. Flyers & phone calls will also be given to the tournament regulars, who will help pass the word on future qualifiers.

"The tournament qualifiers will be beginning again starting October 21, November 4 & 18, and December 2 & 16, all starting at 8:00 p.m. (Darts at 9:00 p.m. promptly). Qualifiers will start back up after the holidays. There will also be some surprises for repeat place finishers and hopefully an increase in prize money for the next Tournament of Champions"

The game or to go first is chosen by the winner of the Diddle. The games of choice are 501, Cricket, and 301 (four players with freeze rule). There are slight variations of this wherever you go.

HOUND AND HARE

This is a game that is played on a steel board, although it could be played on the electronic boards with Count Up. Players diddle for middle (closest to the bull) to choose the "hare", who travels in a clockwise direction starting from the double 20, and moving one section at a time aiming at the doubles (1, 18, 4, 13) around the board. The "hound" starts from the triple 12, and moves in a clockwise direction hitting the triples to catch the "hare", by passing up the section that the "hare" has last hit. The players then switch, the "hare" becoming the "hound" and vice versa. A variation has the "hare" hitting a single and a double before moving on while the "hound" hits only doubles. Unless the "hare" returns to the 20, the winner is the "hare" who goes the furthest before being caught or who gets the furthest in 8 rounds. The game is also known as the Fox and the Hound.

WANTED

We are (still!) searching for the "ULTIMATE" dart bar: a bar where you can while away the time in friendly games; a bar where your arm grows sore from throwing. Low-key, good atmosphere, and inexpensive food are required. Send your suggestions to the Editor.

CLASSIFLIGHTS

Classified rates: \$1.00 minimum for twelve (12) words, 5¢ per additional word. □ 10% discount if your ad appears in more than one issue. Call (412) 824-3028 for more information.

(Disclaimer Continued)

Eighth Page (5" w x 1" h) \$15.00

Listings in the Calendar of Events section are free, with bar address and phone number appearing at the end of the issue, when provided.

Subscription rates will be reduced for bulk orders of 10 issues or more, **to be decided at time of printing**. Payment in full must accompany all advertisements and subscriptions. Checks should be made out to Victor V. Wroblewski, III.
