It has been a good year for Women In Transition. We have added some new classes, one on one Counseling with a Licensed Social Worker, Cognitive Behavioral Therapy, Anger Management, Staying Quit, and Thinking for Good (Moral Reconciliation Therapy-MRT). All of this has shown that our residents have a better grasp of how to handle sobriety and life on life's terms. It has been a pleasure to watch these ladies grow into the women they are meant to be. I know we are only into the 4<sup>th</sup> month of the year, but I am excited to WIT-ness the Miracles of Recovery!!! **Shelly Allen, Executive Director**
