2020 Sliding Fee Discount Program

POLICY:

To make available discount services to those in need.

PURPOSE:

This program is designed to provide discounted behavioral healthcare to those who have no means, or limited means, to pay for their behavioral healthcare (Uninsured or Underinsured). In addition to quality care, patients are entitled to financial counseling by someone who can understand and offer possible solutions for those who cannot pay in full.

The Patient Account Representative's role is that of patient advocate, that is, one who works with the patient and/or guarantor to find reasonable payment alternatives.

TouchStone Health Clinic will offer a sliding Fee Discount Program to all who are unable to pay for their services.

TouchStone Health Clinic will base program eligibility on a person's ability to pay and will not discriminate on the basis of age, gender, race, sexual orientation, creed, color, sex, religion, disability, or national origin. The Federal Poverty Guidelines, <http://aspe.hhs.gov/poverty>, are used in creating and annually updating the sliding fee schedule (SFS) to determine eligibility.

PROCEDURE:

The following guidelines are to be followed in providing the Sliding Fee Discount Program.

1. **Notification:** TouchStone Health Clinic will notify patients of the Sliding Fee Discount Program by:
 - A Payment Policy Brochure will be available to all uninsured patients at the time of service.

15. **Policy and Procedure Review:** Annually the amount of Sliding Fee Discount Program provided will be reviewed by the Clinical Director. The SFS will be updated based on the current Federal Poverty Guidelines. Pertinent information comparing amount budgeted and actual community care provided shall serve as a guideline for future planning. This will also serve as a discussion base for reviewing possible changes in our policy and procedures and for examining institutional practices which may serve as barriers preventing eligible patients from having access to our community care provisions.
