The President's Treetop View By Diane Lessard, President

When this magnificent building was rebuilt and dedicated after a fire burnt the original Palmetto Club to the ground, then President **Mrs. Schmissrauter** stated "We are here to dedicate this new home. In some sense, we can not dedicate a building to anything. It remains stone. In reality, we are here to re-dedicate ourselves as members of the community. This building is but a symbol of the outward manifestations of an idea and an ideal. The home we are dedicating memorializes our responsibility to our community and our fellow man. This has been a year of challenge, when each and everyone of us has joined together to reach our dream of rebuilding our beautiful Palmetto Club house. The new building will be strong, built on the foundation of honor and traditions."

This statement was taken from the history of the Palmetto Club. I believe this still applies today. Together let us continue to live up to our motto, 'Why stay we on earth unless to grow.' There are many facets of the club to be addressed - Irrigation system repair, improved outdoor lighting, security cameras, continuing to enhance our curb appeal, audio/video improvements and upgrades to the interior. There is nothing we can not accomplish. So let's forge ahead to keep this building strong and the foundation of honor and traditions alive.

As always, remember to be kind to one another. Love. Diane
