

WHAT IS LIFE & LEGACY?

Temple Beth Shalom is participating in the LIFE & LEGACY initiative along with the other major Jewish agencies and synagogues across Columbus. The goal of LIFE & LEGACY is to increase awareness of the importance of after-lifetime giving to strengthen the future of TBS for the next generation.

WHAT IS LEGACY GIVING?

A legacy gift consists of money or other donated assets that are invested, with the goal of growing the principal to provide additional future income. Some options for a legacy gift include but are not limited to: a gift in a will, % of retirement, and life insurance policies.

I AM NOT 65 AND WEALTHY. CAN I STILL LEAVE A LEGACY GIFT?

YES! Anyone can leave as little as 1% from their retirement account and still make a tremendous impact on TBS. Because these are after-lifetime gifts, there is no immediate financial commitment, which means that your annual support of TBS will not be affected.

DOES LIFE & LEGACY WORK?

Jewish communities across North America have raised over **\$1 billion in new legacy gifts.**

HOW DO I GET STARTED?

Take some time to review TBS's case statement and the Letter of Intent (both found on TBS's LIFE & LEGACY website). When you are ready to begin your legacy giving journey, please be in touch with Executive Director Bobby Covitz at bobby@tbsohio.org. By creating a legacy gift, you are ensuring that the TBS that we know and love will thrive for the next generation!
