

Wrought Iron Collection

Collection Overview

Wrought Iron Collection

WROUGHT IRON: FOR LOVERS OF OLD WORLD TRADITION

Our skilled ironworkers still use time-honored methods to form classic, heavyweight wrought iron products, while protecting the authenticity of the craft and keeping the timeless practice of this beautiful tradition alive. We are proud to keep this remarkable custom alive with the Kirsch Wrought Iron Collection

 - Custom lengths to the nearest 1/8”
 - Cord, Hand/ Baton, Baton Duplex or Kirsch with AMP™ Motorization Operating Methods
 - Two configuration choices
 - Pleated
 - 16mm ball bearing carriers/ slides with three holes for easy pin adjustment and color coordinated
 - Ripplefold™
 - Two sided color coordinated pendants and color coordinated carriers
 - Keystones are available for splices

Wrought Iron Collection

- All Estate Traverse rods use color coordinating components to allow for a more design friendly application.
 - Cords, tension devices, carriers and track are all color coordinated.

Wrought Iron Collection

- 1" & 1 3/8" Pole Diameter
 - Two pole lengths: 6 ft and 8 ft

In order to create longer poles, this splice can be used to join two poles. Insert the splice into both poles so that the two poles meet in the middle of the splice. A bracket should be installed at the placement of the splice.

Wrought Iron Collection

- Two projection brackets in all finishes
- Double bracket for layered treatments
- Inside mount socket

Wrought Iron Collection

- Accessories
 - Rings with removable clip
 - Swivel socket

Wrought Iron Collection

- Bypass Accessories
 - C-rings with removable clip
 - 36" Baton with removable clip
 - Center support bypass bracket (3 ½" return only)
