

2019 National Right-of-Way Pesticide Applicator Workshop

October 15-17, 2019
Denver, Colorado

The National Right-of-Way Applicator Workshop specifically targets applicators and contractors applying to railroad, power line, and oil and gas right-of-ways working across multiple states. The Workshop will be a three-day recertification course focusing on current technologies and best management practices associated with right-of-way weeds in the United States. It is designed for right-of-way applicators working across multiple states. Outdoor labs in the demonstration plots will be the highlight. Previous workshops were approved for recertification credits in 35+ states.
