John Bennett next presented a “Physical and Topographical Limitations to Development” Map, which may accompany the Subdivision Regulations if so agreed upon. This color-coded map is referenced in the Winhall Regulations, which were used as a guide for the Stratton Regulations. The Chair asked that the commissioners each take a copy with them to review for comments and to contemplate whether it should be included within the Subdivision Regulations.

**Adjourn:** The Chair asked for a motion to adjourn. Ray Hawksley so moved. Rob Wadsworth seconded the motion and all concurred. The meeting adjourned at 8:32 p.m.
