Santiago de Chile is one of the most developed cities in South America, combining an urban environment that artfully unites classic and modern architecture. Buenos Aires, Argentina has an elegant, old-worldly feel, with a touch of Paris here and of London there, a dash of New York cosmopolitanism and Italian exuberance. Here, everything is grand, on a scale fit for kings. Buenos Aires is known for its European-style architecture and rich cultural life.

Program Highlights

- 7-night (9 day) journey through **Chile and Argentina**
- Visit and explore **SLP/OT/PT/rehabilitation facilities and programs**; meet and **interact with healthcare and higher education** professionals of both countries.

Professional Interaction

- Learn about **speech-language pathology, occupational and physical therapy, rehabilitation and medical systems** in both countries as the group learns about methods of OT, PT, and rehabilitation education and interacts with speech-language pathologists and higher education professionals.
- Understanding the factors that drive **health care and educational systems** in other countries will help you develop partnerships and build relationships that support sustainable programs and services.

Focus on Community & Culture

- Talk to the people you meet on the street. You'll be delighted at how open to conversation the locals are, and you may surprise yourself with the new impressions formed.
- Discuss and observe **Chilean and Argentinian daily life**, communication styles and beliefs with the local people.
- Get to know the distinctive cultural touchstones of the countries, including a **tango class** as well as a professional tango show; a **Gaicho cowboy experience** and **traditional Adobo (BBQ) lunch**.
- Explore local markets including **Mercado Central** in Santiago.
