Property Tax Relief – How To Qualify

By Peter Humphreys and Ellen Steinberg

New Jersey has five different property tax relief programs which include special programs for those over 65 years of age. Each of these programs have their own eligibility requirements, applications, processing and deadlines. Your specific circumstances will determine how many of these programs you may be eligible for.

Attached is an overview of the Property Tax Relief Programs that are currently available in the State of New Jersey along with phone numbers and websites for help. Applications for the 2020 Senior Freeze are now available. Information and applications for the 2018 Homestead Benefit Credit have not been announced yet. For those who previously applied for the 2017 Homestead Benefit Credit, this credit is currently scheduled to appear on the May 2021 Property Tax bills. Also, New Jersey has just extended its deadline to file 2020 State Income Tax Returns from April 15, 2021 to May 17, 2021. This matches the extension previously announced for filing 2020 Federal Income Tax Returns.
