

ATTENTION

PLAYGROUND IS CLOSED UNTIL

FURTHER NOTICE

In an effort to help prevent the spread of the COVID-19 Virus all playgrounds within the City of Garnett Parks are closed to the public. With the potential of the virus surviving on metal and plastic up to 72 hours and our inability to keep things safely sanitized between frequent uses we request that you refrain from using the park equipment. However our other park areas and trails are still open to the public. Please try to follow the guidelines below:

- Follow CDC's guidance on personal hygiene prior to heading to trails — wash hands, carry hand sanitizer, do not use trails if you have symptoms, cover your mouth and nose when coughing or sneezing, etc.
- Observe at all times CDC's minimum recommended social distancing of six feet from other people. Practice it and know what it looks like. Keep it as you walk, bike or hike.
- Warn other trail users of your presence and as you pass to allow proper distance and step off trails to allow others to pass, keeping minimum recommended distances at all times. Signal your presence with your voice, bell or horn.
- Note that trail and park users will find public restrooms closed — be prepared before you leave and time outings so that you are not dependent on public restrooms.
- Bring water or drinks — public drinking fountains may be disabled and should not be used, even if operable.
- Bring a suitable trash bag. Leave no trash, take everything out to protect park workers
