Comprehensive Annual Financial Reports will be delayed due to the state being behind in issuing GASB 75 information. Could result in districts being given qualified opinions if something isn't done at DOE.

Mr. Mullins reflected on the recent Monmouth University BA Academy meeting. The turnout was a bit smaller but the dialog was good. The next meeting will focus on Facilities.

Collections were taken up for Mary's Place by the Sea, when women with cancer can receive integrative services including oncology massage, counseling, nutrition education, overnight accommodations, meals and many other services at no cost to the guest.
