## 2019 POINT IN TIME COUNT RESULTS

**410** People experiencing homelessness counted on January 24th, 2019

On January 24th, 2019, the Homeless Resource Council of the Sierras - representing the joint Continuum of Care for Placer and Nevada Counties - conducted a Point In Time Count to measure the number of individuals and families experiencing homelessness in our community.

 **39%**  
Living unsheltered

 **21%\***  
Have a serious mental illness

 **59%\***  
Originally from Nevada County or stay to be close to family

 **80%\***  
Lived in Nevada County for 1+ years prior to homelessness

 **28**  
Families experiencing homelessness

 **35\***  
Veterans experiencing homelessness

 **34%**

**Experiencing chronic homelessness: currently homeless for a year or more or 4+ episodes of homelessness in the past 3 years totaling 365 days or more and have a disabling condition.**

The 2019 Point In Time results demonstrated a 11% increase as compared to 2017. However, various factors can affect these results - such as weather, location of the event, etc.

\*Calculated on the total number of responses received to the associated question(s) on the survey. Limited information was collected on 60 people.
