## **Christmas Nativity information**

Communication has started to be released regarding your children's starring roles in the Nativity. It also has suggested costume ideas, which are really simple and shouldn't require any special purchases.

To really get you in the spirit, we have also provided the song sheets for the Nativity, so you can join in and help them at home. We need lots of practice please! We will be playing the music each morning so that you become familiar with the tunes, although I am sure the children can point you in the right direction.

Finally a reminder that tickets for the 2 performances will be available from this week on a first come first serve basis.
