

**The American Farm Heritage Museum will be hosting the
Christmas Lights Wonderland in 2025! November 28 – December 31**

Dear Valued Sponsor,

Christmas is coming and will be here before we know it. the American Farm Heritage Museum elves are hard at work creating special new display items for our Christmas Lights Wonderland's 18th year.

AFHM's Lighted Christmas Display continues to be popular and enjoyed by the visiting public from near and far. We set record attendance every year and are proud to serve our community. Every night we offer free hot chocolate and cookies. Our nightly display is heightened by three special attractions on the weekends. Santa Visits, Hills Fort 1800's Christmas and the North Pole Express run by the American Heritage Railroad. The North Pole is a sight to behold and can only be accessed by train.

As a sponsor of the Christmas Lights Wonderland, your name is placed on one of the animated displays or next to the large Nativity scene. There is no charge for entry to the display because of sponsors such as yourselves. We do accept donations from visiting public. All proceeds above and beyond the expenses of the display will go to promoting the preservation of our agricultural & rural heritage. The Christmas Committee is proud to be an integral part of the AFHM's sustainability and growth.

It is our hope that in some way we can put brightness in the eyes and hearts of all of our visitors.

Please give consideration to continuing your sponsorship for the 2025 season.

Sponsorships are \$100 for a full sign.

We strongly suggest using our online payment option for contactless payment & automatic receipt.
