**Please Email Completed Applications to Dr. Thomas Theune at:
twtheune@comcast.net**

- **Application Deadline: April 15, 2025**
-

The SEE THE FUTURE Fund is pleased to award scholarships to qualified visually impaired and blind students who are Colorado residents. This scholarship fund is made possible through generous donations by ophthalmologists, optometrists, opticians, staff, corporations, educators, foundations and many others with an interest in the lives of the visually impaired and blind. All scholarships are awarded based on individual need.

AMOUNT:

Scholarships will be awarded in the form of adaptive technology which is medically necessary due to a student's visual impairment or blindness.

Technology will be purchased by the SEE THE FUTURE Fund and delivered to the recipient. Requests can be made for adaptive technology for no less than \$250 and no more than \$6,000.

Who is Eligible?

Any Colorado resident * who submits a completed application prior to the above deadline, and meets the following criteria:

* For STF purposes, a Colorado resident is one who has lived in Colorado as a dependant at least one year prior to deadline stated above or has held a valid Colorado ID for at least one full year prior to the deadline.

1. Educational Criteria:

Student must be at least entering a Pre-K program of school and must NOT be holding a high school diploma (Pre-K – Transition). **The** student must also be working with a certified teacher of the visually impaired (TVI).

2. Vision Loss Criteria:

20/70 or less, central vision, best corrected, in better eye,
and/or

20° peripheral field or less in better eye

or

20/40 or less, best corrected, in better eye, and associated field loss with a prognosis of further vision loss secondary to underlying disease process.

Need Based Program:

Tools for Life is a 'Need Based' program of the SEE THE FUTURE Fund. Qualifying financial brackets (see below) determines the amount which the SEE THE FUTURE Fund will assist in the purchase of technology. All families will be required to pay at least a portion of the purchase price.

Financial Brackets (Please note that 'total family Taxable Income (income after Standard or Itemized Deductions)' refers to Line 15 on IRS Form 1040:

1. **\$30,000 or below total family Adjusted Gross Income:** Program will pay 99% of purchase price of authorized equipment. Family pays 1%.
2. **\$35,000 - \$50,000 total family Taxable Income:** Program will pay 95% of purchase price of authorized equipment. Family pays 5%.
3. **\$50,000 - \$70,000 of total family Taxable Income:** Program will pay 90% of purchase price of authorized equipment. Family pays 10%.
4. **\$70,000 - \$85,000 total family Taxable Income:** Program will pay 67% of purchase price of authorized equipment. Family pays 25%.
5. **\$85,000 - \$100,000 total family Taxable Income:** Program will pay 50% of purchase price of authorized equipment. Family pays 50%.
6. **\$100,000 & above total family Taxable Income:** Program will NOT provide financial assistance.

Appropriate Sources for recommendation for the 'Tools for Life' program:

Having a student evaluated by an appropriate professional is critical for the success of providing the best assistive device(s) for the student. A statement or report from at least **one** of the resources below needs to be included with the application:

Please note: Assessments by the professionals listed below need to be performed within two calendar years of the date of application.

1. The **Colorado Low Vision Evaluation Clinic** (Discuss with your child's Teacher of the Visual Impaired (TVI))

2. **Optometrist specializing in Low Vision care (email Dr. Theune twtheune@comcast.net for current list).**
3. **Teacher of the Visually Impaired (TVI).**
4. **Certified Sales Representatives in conjunction with the Optometrist specializing in low vision care or the TVI:** Most, if not all, technology is supported by a sales representative. This representative demonstrates the latest technology to the student and the optometrist or TVI is then able to determine the functional outcome for the student.

Selection Process:

All applications will be reviewed by the 'Tools for Life' Nominating Committee and applicants will be informed of the committee's decision as soon as possible. Bi-annual or quarterly review of applications may be established depending on the number of applicants and the amount of money available. Students who are denied, due to lack of scholarship funds, will be kept on a "wait list" and re-evaluated when appropriate funding is available.

Payment, Ordering, Delivery, & Training:

The SEE THE FUTURE Fund will inform the applicant via email if they receive the requested adaptive technology. Payment by the family will need to be received by the SEE THE FUTURE Fund prior to ordering the device.

The SEE THE FUTURE Fund will order the device and coordinate with the family and TVI the location of delivery. Sales representatives may be contacted to assist in dispensing & training of the adaptive device.

The recipient and his/her family will own the equipment. All warranties and repairs are the responsibility of the recipient and are not, in any way, the responsibility of the SEE THE FUTURE Fund.

Receiving Family Contribution in a timely manner:

If the SEE THE FUTURE Fund does not receive the family contribution within 6 months of the notification date, the scholarship will be forfeited, and the family will need to reapply unless the family has received an extension by the "Tools for Life" Selection Committee.

To apply to the SEE THE FUTURE 'Tools for Life' Program please complete this application form (typewritten or printed legibly) and email (preferred) or mail, along with required attachments.

Email applications to Dr. Thomas Theune: twtheune@comcast.net Or mail to:
