

**Forest Greens Condominium Association  
Trash and Recycling Information  
Condo Residents**

The condos have garbage pickup as a charge in the monthly association fee to Affinity Property Management. Our current trash/recycling vendor is **ABC Disposal**. 319-395-0904

**Trash Information – Pick-up on Monday and Thursday**

Trash is to be placed in the dark dumpsters located by the garages in front of each of the condo buildings. If you have a lot to put in the dumpsters, please do so on a pick up day or try to spread it out so that there is room for others to use the dumpsters. If you are doing a larger project, it is your responsibility to make arrangements for garbage removal, PLEASE do not just throw everything in the dumpster.

All items must go into the dumpsters. Lids must close flat or the association will be charged additional fees. The trash removal company is not responsible to pick up any items left outside of the dumpster.

**Recycling Information – Pick-up on Tuesday and Thursday**

All recyclable items are to be placed in the dumpster in front of Building 200. Our recycling is co-mingled. Remember to rinse if dirty and flatten if bulky!
