

How to Determine What Size Pockets You Need

The Pocket size is determined by the size of the Pecan.

You will need to determine the Diameter of the Pecan.

Measure the Pecan like Example A. around the middle of the nut.

DO NOT measure like Example B. down the length of the nut.

Once you have the size of the Pecan, convert it to 16ths.

The chart below will tell you what size Pocket you need.

Pecan Size	Pocket Size
18/16 - 16/16	#18
15/16 - 14/16	#15
13/16 - 12/16	#13
11/16 - 9/16	#11
