Hampden 52' Live Welding Trailer

Description

The Hampden 52' Gooseneck Live Welding Trailer comes complete with eight welding booths, fume extraction system, gas manifold system, air compressor, and 277/480VAC 3-phase electrical power included in the system.

Each booth includes table with stand, locker, flowmeter and curtain.

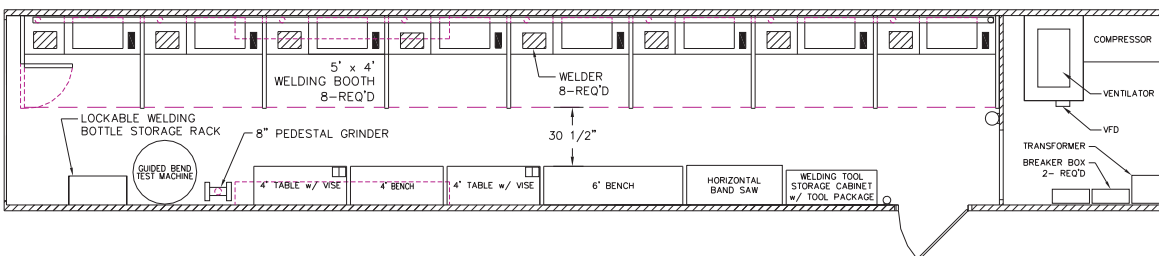

The trailer also includes a locking gas cylinder storage cabinet and a locking equipment storage cabinet.

Options available are generator system, air conditioning and heating system and second gas manifold system.

Trailer includes a custom graphics wrapping package applied to the sides and rear of trailer.

The trailer is a triple axle trailer, loaded weight 22,000 lbs.

* Other sizes and configurations available.

All Hampden units are available for operation at any voltage or frequency

Equipment Options

- WB-6A-M-TMP Metal Table 6'L
- WB-4A-M-TMP-V Metal Table with 5" Vice 4'L
- WB-4A-M-TMP Metal Table 4'L
- (8) Welders (Customer to choose type)
- (1) Hypertherm Power Max 65
- (1) Dynaflux OV50 Rod Oven
- (8) Skill 4-1/2" Hand Grinder
- (1) Jet HVBS-7MW Horizontal Band Saw
- (1) Jet 8" Bench Grinder with Stand
- (1) Koike IK-12 Beetle Track Cutting Machine
- (1) H&M 722-HM100 Pipe Cutting / Beveling Machine
- (1) Triangle Eng. WTB-HRA/3 Guided Bend Machine

- (1) Cylinder Cart
- (1) Welding Tools Set to Include:
 - 8- Welders Chipping Hammer
 - 8- Locking Clamp Set 3-Pcs
 - 8- Tape Measure 25-Ft.
 - 8- Wire Brush
 - 8- Split Leg Welding Bib Apron
 - 8- Welding Gloves
 - 8- Flame Resistant Jacket
 - 8- Carrera 1000 F Welding Helmet-Black
 - 8- Clear Safety Glasses
 - 8- Welding Goggles
 - 8- Ear Plugs
