I work now as an accountant. I hope to get a better job so that I can buy a bigger house and a new car. I wish to spend a lot of time with my family.

Personal Life History

I grew up in Dominican Republic. I changed schools a few times. Every night, the family met at my grandparent's house. We lived in a little house with a big yard. I had a dog named Dobby.

My life in the United States is okay but I don't like the snow. I live in an apartment with 3 bedrooms, 1 bathroom, a kitchen, a big living room and a laundry room. I want to move in the future.

My job is a home health aide. I work in my husband's grandmother's house. I help her take a shower and prepare lunch. I have to clean her house every 2 days. I love my job because she is a good person and she lives near my house.

ALL ABOUT ME

I grew up in Ecuador. I went to school with my brother and my sister and shared the room with my sister. I miss my sister very much, because she passed away. My parents live in Ecuador. I will go there on vacation.

My life in the United States is good. I have lived here for nineteen years. I came here with my husband and my two daughters. Now I have five grandchildren.

My job is to take care of my three grandchildren and go to school to learn English. I feel happy, because I have this opportunity. I hope to learn a lot of English and then work in my profession.
