

Test 2 – Armstrong Driving School

Directions: Answer all questions. You will have **15 minutes** to take the test. After, you will be given **5 min** to look in your manual for help. If you can identify the page number the answer is found on, you can earn extra credit.

1. If you hear an emergency vehicle siren, what action should you take?
2. True or False. When a school bus is unloading passengers on a two lane roadway, cars traveling in the opposite direction don't have to stop.
3. True or False. You may legally drive the posted speed limit no matter what the driving conditions.
4. When vehicle loads extend four feet or more beyond the rear of a vehicle, what must be displayed at the end of the load?
5. If two vehicles arrive simultaneously and are stopped at right angles at an uncontrolled intersection, which has the right-of-way?
6. How many feet before a turn must you signal your intention to turn?
7. Where should you position your vehicle when preparing to make a right turn?
8. Which lane should your vehicle be in after turning left into a two-lane, one-way street?
9. When must headlamps and taillights be lighted?
10. Does an oncoming vehicle have the right of way when you are making a left turn at an uncontrolled intersection?
11. What does a flashing red light mean?
12. What must you do before entering a street from an alley, building, driveway, or private road?
13. How may you proceed at an intersection that has a green arrow in combination with a red light? (This light is usually for right turning vehicles)
14. Any vehicle traveling slower than the normal speed of traffic delaying three or more other vehicles in a rural area or on a two-lane highway must do what?
15. When parking downhill, you should set your parking brake and turn your wheels **toward** or **away** from the curb?
16. Under what conditions may you pass another vehicle on the right?

Test 2 – Armstrong Driving School
